

## Low Voltage Equipment (LVD) (Directive 2014/35/EU)

**Please consult the Call for Expression for full information on the specific tasks, general specifications and the application. Specific requirements for this sector include:**

### Qualifications

- Master degree (or equivalent) in an adequate area of engineering and 8 years of proven relevant professional experience,  
or
- Bachelor degree (or equivalent) in an adequate area of engineering and 10 years of proven relevant professional experience,  
or
- An outstanding proven relevant professional experience of at least 15 years

### Expertise

- A proven track record of working with harmonised and international standards in the field of Low Voltage Equipment
- Knowledge of Directive 2014/35/EU
- Experience with new technologies applicable to electrical products

Candidates should have preferably a good understanding of the following topics:

- Safety engineering and risk assessment techniques
- Mechanical engineering
- Electrical engineering
- Electronics
- Ergonomic/accessibility
- Acoustics and vibration
