

EY Digital eXcise

EY Digital eXcise brings together the power of the latest technology, seamless process, and our expert talent to create new value and provide a modern service delivery experience for your organization.

What is EY Digital eXcise?

Goods, services and sales tax compliance solution fit for co-sourcing or outsourcing. Our complete service assists with preparation and filing of Canada GST/HST, QST, and PST tax filings.

Features:

- ✓ A secure web-based cloud platform for GST/HST, QST, PST tax filings
- ✓ Allows collaboration and communication between your organization and EY staff
- ✓ Provides access to built-in working papers and supporting documentation prepared by your EY team, filing status dashboard, notifications or reminders, and filing history
- ✓ Delivers an easy to understand filing summary including a review and approval workflow
- ✓ Offers comparative reporting and trend analytics for value-added insights
- ✓ Access indirect tax knowledge or thought leadership directly from the platform

Our expert teams give your organization the perspective and support you need to manage indirect tax compliance effectively. Providing you with high-quality advice, hands-on assistance and efficient processes to help improve your reporting, reducing costs and helping you handle your indirect taxes correctly. Further reducing the risk of disputes and controversy.
