党的二十大明确了中国式现代化的本质要求，并提出加快构建新发展格局，着力推动高质量发展。在经济全球化大背景下，建设现代化产业体系、加速绿色低碳转型，推进高水平对外开放、促进区域协调发展等方面都面临前所未有的挑战和机遇。因此，我们需要围绕促进地区经济增长和可持续发展加强交流合作，共同应对挑战，共享发展成果。

“融通创机遇，携手谱华章”，今年的“安永企业家奖”评选活动以此为主题，聚焦开放融合的时代精神，探索高质量可持续发展之道。获奖企业家来自制造业、消费品、科技、医药、生命科学等不同领域，他们坚守本业，力求创新，以专精特新应对全球经济的不确定性，是推进中国式现代化的生力军；他们专注企业长期价值增长战略，积极践行ESG理念，引领行业可持续发展。

2023年，国家持续加强对民营经济的支持力度，从推出民营经济“31条”到设立民营企业发展局，释放出清晰的政策支持信号，为企业家追求梦想、建功立业提供了更加广阔的舞台。企业家同时也肩负着回馈国家、反哺社会的责任。表彰卓越创业者，弘扬企业家精神，凝聚企业家力量，服务国家战略，是我们举办“安永企业家奖”的初心使命，也是我们一直在积极努力做好的事情。

中国式现代化，要面向世界，面向未来，这是一个挑战，需要汇聚各方智慧，形成强劲发展合力。我们希望“安永企业家奖”评选活动能够广泛团结内地和港澳优秀企业家，为深化两地各类领域融合发展，促进两地经济交流合作，推动港澳企业融入新发展格局发挥好桥梁纽带作用，为推进中国式现代化凝聚共识、汇智聚力。

2023年，适逢安永大中华区55周年华诞，从四十多年前的中国改革开放到“走出去”战略，从十年前的共建“一带一路”到构建“双循环”新发展格局，都留下了安永服务国家战略的时代剪影。安永期待在以中国式现代化战略为总领、深入贯彻“创新、协调、绿色、开放、共享”新发展理念、推动经济增长和可持续发展的实践中联合优秀企业“融通创机遇，携手谱华章”。

“

我们希望“安永企业家奖”评选活动能够广泛团结内地和港澳优秀企业家，为深化两地各类领域融合发展，促进两地经济交流合作，推动港澳企业融入新发展格局发挥好桥梁纽带作用，为推进中国式现代化凝聚共识、汇智聚力。

We hope that the EOY program will unite outstanding entrepreneurs from the Chinese mainland, Hong Kong and Macau, and bridge the integration and development of these places in various fields, promote economic exchanges and cooperation, and facilitate the integration of Hong Kong and Macau enterprises into the new development pattern, to build up a shared understanding and gather wisdom and strength for the advancement of Chinese modernization.

**Jack Chan**

Chairman, China  
Regional Managing Partner,  
Greater China

The 20th National Congress of the Communist Party of China (CPC) clarified the essential requirements of Chinese modernization and proposed to accelerate the construction of a new development pattern and focus on promoting high-quality development. Against the backdrop of economic globalization, the construction of a modernized industrial system, the acceleration of green and low-carbon transformation, the promotion of high-level opening-up to the world, and the facilitation of coordinated regional development all face unprecedented challenges as well as opportunities. Therefore, we must enhance exchanges and cooperation around promoting regional economic growth and sustainable development, to jointly tackle challenges and share the fruits of development.

This year's EY Entrepreneur Of the Year (EOY) program is held under the theme of "Embracing integration to create opportunities; joining hands to shape the future". We explore ways to achieve high-quality and sustainable development with the spirit of openness and integration of the era. The award-winning entrepreneurs come from different fields such as manufacturing, consumer goods, science and technology, pharmaceuticals and life sciences. They adhere to their trades, strive for innovation, and respond to the uncertainties of the global economy with innovative and professional expertise. They are the driving force behind Chinese modernization. They focus on the long-term value growth strategy of their enterprises and actively lead the sustainable development of industries by putting ESG principles into practice.

China has continued to strengthen its support for the private sector throughout 2023. Measures such as the introduction of 31 provisions for the private sector and the establishment of the Private Economy Development Bureau have released a clear signal of policy support, providing a broader stage for entrepreneurs to realize their goals and make greater achievements. At the same time, the entrepreneurs shoulder the responsibility of giving back to the country and society. Commending outstanding entrepreneurs, celebrating the entrepreneurial spirit, creating synergy, and serving national strategies are the original mission of the EOY program, and the goal we have been actively trying to achieve.

Chinese modernization should be geared to the needs of the world and the future. It is a challenge that needs to bring together the wisdom of all parties to form a strong synergy for development. We hope that the EOY program will unite outstanding entrepreneurs from the Chinese mainland, Hong Kong and Macau, and bridge the integration and development of these places in various fields, promote economic exchanges and cooperation, and facilitate the integration of Hong Kong and Macau enterprises into the new development pattern, to build up a shared understanding and gather wisdom and strength for the advancement of Chinese modernization.

The year 2023 marks the 55th anniversary of EY Greater China Region. From China's reform and opening up, and the "going out" strategy over 40 years ago, to the development of the Belt and Road Initiative and the "dual circulation" new development pattern in the last decade, EY has witnessed and participated in these major national strategies. We look forward to collaborating with outstanding enterprises to "embrace integration, create opportunities and join hands to shape the future". Together, we can promote economic growth and sustainable development under the leadership of the Chinese modernization strategy and the in-depth implementation of the major development concepts of "innovation, coordination, green, openness and sharing".

“

“安永企业家奖2023”评选活动以“融通创机遇，携手谱华章”为主题，聚焦开放融合的时代精神，旨在表彰企业家们在推动可持续发展过程中的不懈努力，以及为中国经济高质量发展做出的卓越贡献。今年获奖企业家坚持走科技创新之路，积极引领企业转型升级和行业可持续发展，以实际行动在中国式现代化进程中贡献力量。

The EY Entrepreneur of the Year 2023, themed “Embracing integration to create opportunities, joining hands to shape the future,” focuses on the spirit of openness and integration in the current era. Its purpose is to commend entrepreneurs for their relentless efforts in promoting sustainable development and their outstanding contributions to the high-quality development of the Chinese economy. This year’s awarded entrepreneurs adhere to the path of technological innovation, actively leading corporate transformation and upgrading, and promoting the sustainable development of their industries. Through concrete actions, they have made much contribution to the process of Chinese-style modernization.

### 安永全球企业家奖

#### 安永全球企业家奖2023

安永企业家奖具有本地性和全球性。安永企业家奖在中国的评选活动结束之后，大奖获得者还将代表中国参加翌年六月左右举办的全球颁奖典礼，争夺众所瞩目的安永全球企业家奖殊荣。届时，来自世界各地安永企业家奖大奖获得者将齐聚一堂，参加这一奖项的角逐。

安永全球企业家奖项的评选超越地域疆界，致力于表彰杰出企业家在本地和世界竞技舞台上取得的杰出成就，对其在全球范围内带来的积极影响予以认同。安永全球企业家奖为企业家精英相互交流、制订下一步战略规划提供了独一无二的平台。

今年六月，总部位于台湾地区的GlobalWafers Co., Ltd.的董事长兼CEO徐秀兰荣膺2023年度安永全球企业家奖。

#### EY World Entrepreneur Of The Year 2023

Following the success of the awards in China, EY extends this pre-eminent awards platform with the World Entrepreneur Of The Year (WEOY) awards. Each year in June, Entrepreneur Of The Year award winners from around the world come together and vie for the coveted WEOY title in Monte Carlo, Monaco.

Transcending geographical boundaries, the WEOY awards recognize the global impact of entrepreneurs and honor their outstanding achievements in their local communities and around the world. The awards provide business elites an exclusive platform to network, strategize and plan their next strategy.

This year in June, Doris Hsu, Chairperson and CEO of Taiwan-based GlobalWafers Co., Ltd., was named the EY World Entrepreneur Of The Year™ 2023.

EY Entrepreneur Of The Year 2016 -  
Pharmaceutical & Life Sciences Category Winner

Ms. Zhao Yan is Chairperson and CEO of Bloomage Biotechnology Corporation Limited.

In 2000, Ms. Zhao started to engage in the field of microbial fermentation and decided to invest in Bloomage Biotech. Since then, she has led the enterprise to take the lead in realizing the large-scale production and industrial application of hyaluronic acid fermentation. Currently, Bloomage Biotech has become a world-leading biotechnology and biomaterial company driven by synthetic biotechnology, and its industrialization scale of hyaluronic acid ranks first in the world. Bloomage Biotech is engaged in the development, production and application of bioactive substances that are conducive to life and health, including mucopolysaccharide, proteins, polypeptides, amino acids, nucleotides, and natural active compounds. Bloomage Biotech has developed a corporate philosophy, which is from science to technology, from technology to product, and from product to branding. To this end, the company is continuously investing into basic and applied research. To date, Bloomage Biotech has developed six R&D platforms, covering synthetic biology, microbial fermentation, application mechanism, pilot-scale testing, crosslinking technology, and formula & process development.

Being passionate about art and charity, Ms. Zhao founded the non-governmental Beijing Times Art Museum and launched Bloomage Yunzhong programs, aiming to provide support for the young artists who are interested in the original ecology culture in China.

In February 2020, Ms. Zhao was listed as one of the Most Outstanding Businesswomen in China by Forbes.

In January 2022, Ms. Zhao won the title of “2021 China Economic Person of the Year”.

In March 2022, Ms. Zhao was awarded the title of 2021 National Woman Pace-setter.

## 科技业 行业奖项获奖者

2011年，陈大仁先生和他的事业伙伴张又文共同创办Ecoinno (H.K) Limited，公司一直致力于开发一种突破性的100%降解植物纤维GCM®新材料，基于其专有的绿色纤维技术，在性能、可持续性和成本方面均超越所有其他塑料替代品，这是替代一次性塑料的唯一可持续解决方案。

由绿色复合材料的研发、新制程机械设备研发至终端产品一条龙工业生态系统提供完整的垂直创新整合生产系统，公司研发出的绿色复合新材料—GCM®，100%利用植物纤维制成，可以在75天内完全自然分解，是100%无污染的环保材料，用后产品可作堆肥，并透过厨余处理产生洁净能源，达致循环经济及碳中和。另外，对比传统的塑胶材料，GCM®在耐热、牢固性及气体阻隔方面也具有明显的性能优势，可以广泛替代日常生活及工业生产中塑胶的使用。

陈大仁先生希望通过科技力量鼓励不同行业减少使用塑料，对环境、对人体健康更加关注。他带领团队搭建了一套全新自动标准化生产系统，将GCM®材料用于工业化批量生产，并将与大湾区东莞市石龙镇政府合作，共同在东莞投资设立占地超过150亩，具有国际标准的绿色新材料旗舰生产基地。公司产品广泛与航空公司食品包装、胶囊咖啡生产商等各行业合作研发，协助各行业各公司实现二氧化碳减排目标，同时他还将其在研发、生产实践中积累的技术和经验，转化为服务，可为客户提供全面性环保解决方案，协助客户实现工业绿色科技化。

## Technology Category Winner

Ecoinno (H.K.) Limited, co-founded by Mr. George Chen and his business partner Vivian Chang in 2011, is a bio-tech company dedicated to the research and development of green composite material and innovative solutions for the global ecosystem. GCM®, a green composite material developed by Ecoinno, is made from 100% plant fibers. It is eco-friendly and 100% biodegradable within 75 days. In addition, GCM® commands superior functionalities outperforming traditional plastic materials in terms of extreme temperatures, high tensile strength, oxygen impermeability and compostable. All these features make it an ideal substitute for the prevalent use of plastics in our daily and industrial applications.

George's goal is to enable various industries to reduce plastic pollution through the application of GCM® solution. The Ecoinno research team has implemented a fully automated, vertically integrated production system that utilizes GCM® materials for commercialization. The company has recently join hands with the government of Shilong Township of Dongguan to establish a flagship production plant base with an area of 150 acres. GCM® has found widespread applications in airline meal set, food packaging, coffee capsule, pharmaceutical, and cosmetic industries, thereby also achieving carbon neutrality. George is a dreamer and achiever, protecting the environment from plastic pollution and the health of living creatures from microplastics.

Mr. Kingsley Leung founded Great Bay Bio (GBB) in 2019 with the aim of driving technological innovation in bioprocessing through artificial intelligence (AI). He received his BSc in Biochemistry from Imperial College London in 2008 and his MSc in Pharmacology from the University of Oxford in 2009. Joining Uni-Bio Science in 2013, he progressed to the role of executive director in 2014 and later took on the position of chairman in 2017.

In 2018, Mr. Leung pursued his MBA at Tsinghua University. Inspired by his classmates during this period, he recognized the potential of artificial intelligence in the biotechnology sector. Endeavoring to integrate the two ideas, he established GBB. Guided by the vision of “Making Global Bioprocessing Simpler and More Efficient”, GBB aims to tackle the challenges of long timelines, high costs, and low success rates in drug development. Since its establishment, the company has secured over 40 patent applications in AI bio-development, successfully brought numerous AI-enabled technology platforms to the market and formed long-term partnerships with multiple prominent domestic and international firms. By 2023, GBB has received a number of awards in the fields of biotechnology and medical innovation.

“Unbridled imagination paired with diligent work: such is the poetic essence of scientific and technological innovation. Scientific and technological innovation is inspired by life but beyond it. Just as Madame Curie said, ‘The world invisible to mankind is not an imaginary phantom, but an actual existence illuminated by the light of science.’ Our commitment to scientific and technological innovation drives us to boldly explore and uncover fascinating and meaningful yet unknown realms by standing upon the shoulders of giants,” said Mr. Leung.

Mr. Li Ning, known as the “Prince of Gymnastics”, is one of the most prominent athletes of the 20th century. He established the Li-Ning brand in 1990 with the simple goal of providing Chinese athletes with a national brand to wear on the world stage of the Olympics. This modest intention has led to the rise of one of China’s most iconic sports brands. His second venture, Viva Goods, serves as a pivotal platform for Mr. Li Ning and his namesake company to expand their presence in the international market and diversify the portfolio of consumer brands.

Since Mr. Li Ning took over in 2010, the Group has achieved a geographic footprint across more than 80 countries. It boasts a comprehensive lineup of apparel and footwear brands, including Bossini, a well-known casual wear brand in Greater China, and Clarks, the renowned British footwear brand. The Group has demonstrated remarkable revenue growth, with a substantial year-on-year increase of nearly 400% in 2022.

Moreover, Li-Ning has undertaken significant initiatives to transform and elevate its brands. These efforts include optimizing the Clarks retail channel and enhancing the back-office efficiency. It has also promoted the rebranding of Bossini by enhancing its brand image through an official sponsorship with the China National Cycling Team. Mr. Li Ning’s vision is to inspire individuals to embrace an elegant, happy, healthy, and leisurely lifestyle by giving full play to the brand’s core values. We eagerly anticipate the growth of Viva Goods into a leading international consumer brand operator that extends from Asia to the global stage under his guidance.

Mr. Ren Silong possesses more than four decades of experience in the low-voltage electrical appliances industry. In 1999, he established LAZZEN in Shanghai after his resignation from a state-owned enterprise. Positioned as a high-end brand, LAZZEN adopts a target concentration strategy with a focus on its core business. The company is dedicated to independent innovation and strives for excellence in low-voltage electrical appliances. Additionally, it aspires to play a role in the development of a zero-carbon ecosystem for intelligent electrical appliances and aims to evolve into a globally recognized first-class brand.

Guided by the entrepreneurial principles of “upholding fundamental principles and breaking new ground” and “persistent efforts with steady advancement,” Mr. Ren has led LAZZEN in overcoming technological challenges presented by international brands. Over time, the company has grown into a prominent player in the domestic mid- and high-end market. In 2014, LAZZEN achieved a significant milestone by successfully listing on the Shenzhen Stock Exchange, and by 2022, its business revenue had reached RMB 4.157 billion, reflecting remarkable leaps in its development with extraordinary growth.

With a steadfast commitment to a better future for humanity, Mr. Ren has made active contributions to establishing an eco-friendly, low-carbon, and recycling economic system. For LAZZEN, he has formulated a development strategy emphasizing “intelligent power distribution, intelligent homes, and new energy distribution technology”. Furthermore, he has proactively initiated plans to transform the future factory in Haiyan, Zhejiang Province, into a pioneering “zero-carbon facility” that will set new industry standards. This not only aligns with the national dual-carbon strategy but also paves the way for new growth drivers for LAZZEN.

Driven by a deep sense of social responsibility as a Chinese entrepreneur, he led the company in donating power distribution products during the COVID-19 pandemic. Furthermore, he and his team surmounted various challenges to offer steadfast support for the construction of makeshift hospitals in Wuhan, Beijing, Fujian, Kunming, and Shanghai.

Established in 2007, Shenzhen Sinexcel Electric Co., Ltd. (Sinexcel) is a world-leading provider of core power equipment and solutions within the Energy Internet sector. The company specializes in five key areas: power quality, electric vehicle charging stations, energy storage microgrids, battery formation and testing, and industrial power supply.

Confronted with the dominance of core electric power system technology by foreign enterprises and the emerging stage of the power quality sector, the co-founders, Mr. Fang Xing and Ms. Xiao Jin, established Sinexcel in Shenzhen to demonstrate the capabilities of “Made-in-China” technology to the world.

With its mission to “enhance energy efficiency and achieve energy freedom”, Sinexcel has consistently empowered its customers in the pursuit of low-carbon development. It remains committed to fostering employee growth and community development by offering more vocational training and development opportunities. Furthermore, the company plays an active role in advancing social prosperity through its Shenzhen Charity Association-Sinexcel Electric Public Welfare Fund.

With fifteen years of dedicated effort and experience within the industry, Sinexcel has established power quality as its major business. By consistently providing technological support to the charging and energy storage sectors, the company aims to build a robust internal business ecosystem and to lead the way in the emerging new energy landscape. Mr. Fang has put forward Sinexcel's vision of becoming a “world-class electrical energy technology enterprise,” with the company targeting to quintuple its operating income by its 20th anniversary in 2027. The company will continue to be a supporter of domestic products within the electrical energy technology sector and strive to offer global electrical energy technology enterprises with eco-friendly solutions from China.

Hong Kong General Chamber of Commerce  
香港總商會 1861

香港總商會成立于1861年，是香港历史最悠久、最具活力的商业组织。总商会会员包罗香港本地、中国内地和国际企业，业务遍布各行各业，约半数恒生指数旗舰上市公司均为总商会会员。

总商会的会员涵盖知名跨国企业和蓬勃发展的中小企，合共聘用约三分之一的本地劳动人口。我们作为商界之声，透过政策倡议、资讯分享、联接交流及全面商贸文件服务的核心功能，协助会员迈向成功。

本会的使命是维持香港作为全球最具活力和竞争力的商业及金融枢纽的领先地位。

Founded in 1861, the Hong Kong General Chamber of Commerce is the oldest, yet most dynamic business organization in Hong Kong. Our members represent a wide spectrum of local, Mainland Chinese and international businesses. Around half of the flagship corporations listed on the Hang Seng Index are HKGCC members.

Combined, our membership, from renowned multinationals to thriving SMEs, employ around one-third of the local workforce. The Chamber serves as the voice of business, and helps members succeed through our core functions: advocacy, knowledge-based events, networking, and a comprehensive range of business documentation services.

Our mission is to ensure that Hong Kong remains a leader among the world's most dynamic and competitive business and financial hubs.

The post-pandemic world is a starkly different one, impacted by a weakened global economy, geopolitical tensions and the lingering effects of the Covid-19 outbreak. Facing up to the challenges, entrepreneurs have resiliently pursued growth with their keen spirit of innovation and business acumen.

The theme of the 2023 Entrepreneur of the Year Awards, “Embracing integration to create opportunities; Joining hands to shape the future,” illustrates the significant role entrepreneurs in Hong Kong, Macau and the Mainland have to play in chasing high-quality and sustainable growth. Indeed, contributing to the China’s economic development, while pursuing national integration through various platforms for exchange, will open doors to opportunities for win-win collaborations.

On the occasion of the 18th edition of the Entrepreneur of the Year Awards, I would like to wish the participants success on behalf of the Hong Kong General Chamber of Commerce, and look forward to their outstanding display of innovation, leadership and creativity.

The Hong Kong Management Association is honoured to be a supporting organization of the 18th EY Entrepreneur Of The Year Awards. While recently businesses face a plethora of unprecedented challenges imposed by pandemic, geopolitical tension and economic upheavals, the brightest stars continue to shine brilliantly.

The theme for this year's EOY is “Embracing integration to create opportunities; Joining hands to shape the future.” This year's impressive slate of winners exemplifies these timely - yet timeless - qualities of true entrepreneurship. With resilience, perseverance and innovation, these talented leaders have confidently overcome and transformed adversities to opportunities. Nothing can dim their shine.

Congratulations to this year's super stars! As role models, you've shown us a blueprint to drive success. By inspiring us with your noble entrepreneurial spirit, we can together look forward to a bright future.

企业是社会发展的**重要基石**，而**企业家**是基石**硬度与韧度**的来源。

企，是发念于心，是初心，是愿景，是心中所想达到那一个目标。人与自己的内心保持和谐，初心澄明，则**判断**坚定。

业，是融通社会，是合作，是交易，是将所有关系引至同一方向的能力与成就。一个人由此成为社会机体中一枚**搏动**的心脏，与整个国家、整个世界保持最有效的**谐振**。

家，是全员同心，是表率，是管理，是上下左右贯通合力的持续向心力。家长与家人，是东方企业中人与人之间自然**既在**的一种心理结构，这也给东方企业家赋予了一层**特殊**的责任。

企业家这三个中文字的内涵，清晰地指示了我们在社会发展所要承担的角色，那就是“和”的担当——与自己的内心保持和谐，与社会各因子保持融通，令组织上下内外**通达**一致——“和”，便是东方智慧中，对不确定性的有效**对冲**。

在经济周期的起伏跌宕中，在发展路径变轨的调适过程中，在全球新闻里战争、疫病、灾荒与死难的扰动中，愿我们的企业家们，发挥“和”的本色，融通携手，创造出属于我们自己的**确定性**的未来。

Enterprises are an important cornerstone of social development, and entrepreneurs are the grit and determination that make up this cornerstone.

Enterprise, is the pure thoughts, the original intention, the vision and the goal that entrepreneurs want to achieve. People with harmony in their hearts and clear intentions have decisive judgment.

Industry, is the ability to integrate society, form corporations and make transactions, so as to drive all relationships in the same direction. In this way, a person becomes the beating heart of a social organism, maintaining the highest level of harmony with the whole country and the entire world.

Home, is a united workforce, setting an example, managing inside out and it is the continuous centripetal force that connects the above with the below, the left side with the right side. Parents and family members are a natural extension of staff at businesses in East Asia and this adds another level of responsibility to East Asian entrepreneurs.

The connotation of these three Chinese words clearly denotes the stance that entrepreneurs should assume in social development, that is, one of “harmony” - to maintain harmony within themselves, and to maintain harmony with society and to ensure consistency across the organization, both internally and externally. In Eastern philosophy, “Harmony” helps to counter uncertainty.

Through economic ups and downs, while adapting to changes in strategy, and amid reports of the upheaval of wars, pandemics, famines and deaths, we hope that our entrepreneurs will give full play to the true nature of “harmony” and work together to create a more certain future for us.

## EY | Building a better working world

EY exists to build a better working world, helping to create long-term value for clients, people and society and build trust in the capital markets.

Enabled by data and technology, diverse EY teams in over 150 countries provide trust through assurance and help clients grow, transform and operate.

Working across assurance, consulting, law, strategy, tax and transactions, EY teams ask better questions to find new answers for the complex issues facing our world today.

### About EY Entrepreneur Of The Year™

EY Entrepreneur Of The Year™ is the world's most prestigious business awards program for unstoppable entrepreneurs. These visionary leaders deliver innovation, growth and prosperity that transform our world. The program engages entrepreneurs with insights and experiences that foster growth. It connects them with their peers to strengthen entrepreneurship around the world. EY Entrepreneur Of The Year is the first and only truly global awards program of its kind. It celebrates entrepreneurs through regional and national awards programs in more than 145 cities in over 60 countries.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients, nor does it own or control any member firm or act as the headquarters of any member firm. Information about how EY collects and uses personal data and a description of the rights individuals have under data protection legislation are available via [ey.com/privacy](http://ey.com/privacy). EY member firms do not practice law where prohibited by local laws. For more information about our organization, please visit [ey.com](http://ey.com).
