Careers in Consulting

In consulting, we are building a better working world by transforming businesses through the power of people, technology and innovation. Our go-to market narrative of 'Transformation Realized' harnesses the core drivers of transformation to create long-term value. It places humans@center, leverages technology@speed and enables innovation@scale.

“

Preparing our people with future skills lies at the core of our agenda. This not only helps them work with some of the brightest minds in the industry, but also positively transform businesses using technology-led solutions and contribute to building a better working world.

Rohan Sachdev
India Leader - Consulting

”

Priorities

Account focus - Drive a relentless focus on the market and accounts, accelerating our impact with clients.

Collaborate - Collaborate on a new go-to-market approach, underpinned by solutions and platforms.

World-class capabilities - Build world-class capabilities in business, technology and people consulting.

Service delivery transformation - Transform our service delivery model for competitive advantage.

Leadership, Behaviours and measures - Develop our people to be the transformation leaders of the future.

Our offerings

We will drive the transformation of our clients' businesses by taking solutions to client buyers across the nine core Fields of Play below.

Business Transformation and Innovation | Risk | Supply Chain | Finance | Cybersecurity, Privacy and Trusted Technology | Technology Transformation and Trusted Intelligence | Customer and Growth | Operations and Business Services | Organization, Culture, People and Workforce Experience

What differentiates us

Largest and fastest growing Consulting practice in India supporting the transformation agenda of our clients.

Digital and emerging technology capabilities are core to our offering across SLs and industries.

Hands-on exposure to navigate through disruption caused by megatrends with the opportunity to future-proof your company.

Inspiring the next generation of account driven, client centric, solution enabled Consultants to deliver exceptional client service.

Opportunity to work on radically different business models with new revenue streams.

We take pride in
