## 1. How does the scholarship program work?

To participate in the EY Scholarship program, you need to register here. The registered students will be required to submit a business case for 'Building a better working world'. Shortlisted participants will have to present their idea in the presence of a judging panel. To get more information on the important dates and other updates visit our website [www.ey.com/en\\_in/careers/ey-scholarship](http://www.ey.com/en_in/careers/ey-scholarship), follow us on our Facebook page - [EY Careers India](#) and Instagram page - [@EY\\_IndiaCareers](#).

## 2. Is the EY Scholarship program different from other scholarship programs? If yes, how?

EY Scholarship is a one-of-its-kind program that discovers future leaders among the youth/student community. It aims to recognize students with exemplary entrepreneurial spirit and rewards them with not just a prize of INR1 lakh, but also an opportunity to earn Industry recognized digital credentials on a future-focused skill. The EY scholar also gets an opportunity for a two-month internship with EY in the service line of their choice, thereby giving them a chance to explore the exceptional EY experience.

## 3. How does this program benefit students? What will the winners receive?

By participating in this program, the students will be challenged and energized. They will get an opportunity to explore their entrepreneurial skills and contribute solutions to real-world problems and expand their academic interests outside of the classroom.

The winners will receive a prize of INR1 lakh and an opportunity to earn industry recognized digital credentials on future-focused skills as well as a two months internship with EY in the service line of their choice, the #1 professional services brand in India, and experience for themselves the exceptional culture that delivers a rewarding career.

## 4. Who is eligible to participate this program?

The program is open to all students who are pursuing graduation courses, across colleges in India.

## 5. Is this program open to all students?

Yes, this program is open to all students pursuing graduation courses, across colleges in India.

## 6. Do I need to register and submit the business case together?

Registration and business case submission are two separate steps. You need to register first and then submit your business case before 31 December 2020.

## 7. Is this an individual award or for a group?

It is an individual award where the winner will receive a prize of INR1 lakh, an opportunity to earn industry recognized digital credentials on future-focused skills and a two months internship with EY in a service line of their choice.

## 8. Is there a limit to the number of students who can register for the Scholarship program?

No, there is no limit to the number of students that can register for the program. We would encourage all interested students to register and share their ideas with us.

## 9. Who are the judges?

Business ideas will be reviewed by a rich mix of highly experienced EY professionals across service lines and locations.

## 10. How will interactions during the entire process take place?

In face of this unprecedented disruption, we are committed to supporting our people and participants in every way we can. Safety and health of our people and participants comes first therefore all interactions will happen virtually.

## 11. Where will the results be declared?

The results will be declared on our website [www.ey.com/en\\_in/careers/ey-scholarship](http://www.ey.com/en_in/careers/ey-scholarship) and on our [Facebook](#) and [Instagram](#) pages. Please follow the pages for updates.
