EY

Building a better
working world

Contents

A silhouette of a person in a dynamic, athletic pose is centered in a curved, tiled tunnel. The person's arms are outstretched, and their legs are in a wide, balanced stance. The tunnel's walls are covered in small, square tiles that reflect light, creating a shimmering, textured effect. The lighting is dramatic, with a strong light source from the left, casting long shadows and highlighting the contours of the person and the tiles. The overall mood is one of movement and energy.
