Dear Sirs

GES Realisations Limited (formerly Greenray Energy Solutions Limited) ('GES')
GCL Realisations Limited (formerly Greenray Capital Limited) ('GCL')
GTL Realisations Limited (formerly Greenray Turbines Limited) ('GTL')
ITS Realisations Limited (formerly Integrated Turbine Systems Limited) ('ITS')
ACL Realisations Limited (formerly ACL Automation Limited) ('ACL')
(All formerly in Administration) (together 'the Companies')

I write to provide you with our final progress report in the administration, which includes details of the outcome. The report covers the period from 8 December 2019 to 5 June 2020 and should be read in conjunction with our previous reports dated 7 January 2020, 4 July 2019 and 8 January 2019, and Proposals dated 15 June 2018. Statutory information about the Companies, the administrations and the office holders is provided in Appendix 1.

Summary of the administrators' proposals

Background and circumstances giving rise to the appointment of the administrators

Prior to our appointment, the Companies were part of a wider group of companies (together 'the Group') which provided servicing, maintenance and spare components for gas and steam turbines. The Group had the exclusive right to service and maintain a historic fleet of gas turbine packages now under the ownership of Siemens Industrial Turbomachinery Limited ('Siemens') and provided maintenance services to oil companies globally, most recently concentrated in India, the Middle East, the Far East and the UK.

The various companies provided different services to the Group's customers and were all operating entities with the exception of GES, GCL (both holding companies) and ACL (dormant). The Group structure as at the date of administration was as follows:

Although the Group had historically been profitable, trading was adversely impacted by several factors, including:

- ▶ Fixed price project work leading to contract losses on a small number of larger projects;
- ▶ Working capital issues from projects undertaken in certain jurisdictions where the Group had difficulty securing payment for work carried out;
- ▶ General sector trading pressures following a fall in oil price; and
- ▶ Changes within the senior management team.

Both revenues and profitability declined during the year ending 30 September 2017. The management accounts for the six months to 31 March 2018 reported an EBITDA loss of (£0.5m) at Group level.

In March 2018, the Group identified an additional funding requirement and approached its main lender, HSBC Bank plc ('HSBC' or 'the Bank'), requesting additional facilities. At this time, the Bank had provided an overdraft, term loan and bonding facilities to the Group of c£9.6m (including contingent bonding liabilities), secured by fixed and floating charges across the Group.

Following the funding request, EY were introduced to the Group by the Bank on 7 March 2018. EY were engaged by the Group and the Bank on 8 March 2018 to review the Group's short term cash flow forecast. On 20 March 2018, EY were further instructed to provide an options analysis for the Group and the Bank and, on 17 April 2018, EY were engaged to perform short term cash flow monitoring. Subsequently, on 20 April 2018, the Group instructed EY to prepare the Group for an Accelerated Merger and Acquisition ('AMA') process and to continue to monitor the short term cash flow position.

During this period, the Group explored a potential equity injection from a key creditor and a former majority shareholder. The Group had also recently appointed an interim Chief Restructuring Officer ('CRO') to assist Management with the challenges the Group was facing.

A revised business plan was prepared which identified a higher funding requirement than expected. As a result, by 26 April 2018, the key creditor and majority shareholder had both withdrawn their interest in acquiring the business on a solvent basis.

Following this, and faced with a lack of alternative options, the Group's board decided to launch an AMA process and instructed EY to run this process on 27 April 2018.

Following the instruction by the Group to commence the AMA process, the Group was widely marketed to potential purchasers identified by EY's Mergers and Acquisitions ('M&A') team, known distressed investors and trade parties identified by Management.

The AMA process resulted in two interested parties, one of whom was a company now called Greenray Turbine Solutions Limited ('the Purchaser'), submitting initial offers, on a pre-pack administration basis on 10 May 2018. They were asked by the Group to perform further due diligence to finalise their offers and both parties met with Group management, the interim CRO and Siemens during the week commencing 14 May 2018.

Given the significant short term funding requirement it was deemed that the Group was, or would shortly be, insolvent as it would be unable to pay its debts as and when they fell due and that the best outcome for creditors would be to effect a pre-pack sale of the Group's business and assets immediately to the Purchaser following the appointment of administrators.

On 8 June 2018, the Companies entered administration and D C Hurd and C P Dempster were appointed to act as Joint Administrators. The sale of the Companies' business and assets to the Purchaser was effected immediately following the appointments.

Purpose of the Administration

The purpose of an administration is to achieve one of three objectives:

- a. To rescue the company as a going concern
- b. To achieve a better result for the company's creditors as a whole than would be likely if the company were wound up (without first being in administration)
- c. To realise property in order to make a distribution to one or more secured or preferential creditors

Insolvency legislation provides that objective (a) should be pursued unless it is not reasonably practicable to do so or if objective (b) would achieve a better result for the company's creditors as a whole. Objective (c) may only be pursued if it is not reasonably practicable to achieve either objective (a) or (b) and can be pursued without unnecessarily harming the interests of the creditors of the company as a whole.

Objective (a) was not considered to be achievable given the level of debt and liabilities in the Group, which was the principal reason why a solvent sale of the Group prior to administration was unsuccessful. The objective pursued in respect of the Companies is therefore objective (b).

The pre-pack sale of the Companies' business and assets enabled objective (b) to be achieved as it resulted in an increased amount available for distribution to both secured and unsecured creditors than if the Companies were wound up without first being in administration. The outcome achieved through the pre-pack sale was the best available outcome for creditors as a whole in the circumstances.

Summary of steps taken during the administration

Pre-packaged sale of the business and assets

On 8 June 2018, immediately following their appointment, the Joint Administrators completed a sale of the Group's business and assets to Greenray Turbine Solutions Limited ('the Purchaser') for a total consideration of £3.2m, via a pre-pack transaction. The Purchaser's offer was deemed to give the best outcome for the Group's creditors and was therefore accepted. No significant assets were excluded from the sale agreement.

The table below summarises the consideration achieved for the Group's assets. Please refer to the Proposals for a detailed breakdown of consideration per company.

Other floating charge asset realisations

The Companies received intercompany dividends by virtue of payments under the Prescribed Part totalling £222,487 during the administration. The amounts are reflected in the Joint Administrators' receipts and payments accounts at Appendix 2 and can be summarised as follows.

Company	Dividends received (£)
GCL	184,476
GES	8,288
GTL	26,455
ITS	608
ACL	2,660
Total	222,487

In addition to this, the Companies received £7,970 of bank interest refunds in respect of interest incorrectly charged on foreign currency accounts prior to our appointment. These receipts are summarised below.

Company	Bank interest refunds (£)
GCL	Nil
GES	Nil
GTL	5,015
ITS	2,955
ACL	Nil
Total	7,970

Other realisations relate to monies held in a solicitor client account on behalf of GES totalling £6k, a £7k refund relating to credit on a pre-appointment life assurance policy in GCL and bank interest received across the Companies of £1.5k. These amounts are also reflected in the Joint Administrators' receipts and payments accounts at Appendix 2.

Other matters - properties

As part of the sale of business, a licence to occupy was granted to the Purchaser by GES in respect of a premises in Lincoln for an initial period of 6 months, with a monthly licence fee payable to the Joint

Administrators equivalent to the monthly rent. A further licence to occupy was granted for a period of 3 months in order to allow the Purchaser additional time to agree terms of ongoing occupation with the landlord. In March 2020, a deed of surrender was completed in respect of the Lincoln premises.

As previously reported, all leasehold property matters in respect of the Companies have been resolved and no further rent or other property costs will be paid in the administrations.

Since our previous progress report dated 7 January 2020, the Joint Administrators have completed tasks relating to the closure of the administrations of the Companies, including preparing final Corporation tax and VAT returns and requesting tax clearance from HMRC, settling outstanding costs relating to the administrations and ensuring that all other matters relating to the administrations have been dealt with.

Distributions to creditors

Secured creditor

HSBC, the Group's principal secured lender, had total indebtedness of c.£8.4m, (excluding contingent bonding liabilities) as at the date of appointment, secured by fixed and floating charges across the Group.

Distributions totalling £456k have been made to HSBC by the Companies, and £2.1m by other Group companies to date. Consequently, HSBC has suffered a significant shortfall against their debt outstanding at the date of appointment.

Preferential creditors

All of the Companies' employees were transferred to the Purchaser on the date of the Administrators' appointment in accordance with TUPE. No preferential claims have been received in any of the Group entities and none are expected.

Unsecured creditors

There were insufficient funds to enable a distribution to the unsecured creditors, other than in respect of Prescribed Part distributions in GTL, GCL and ITS which were declared on 12 July 2019.

The Prescribed Part is a proportion of floating charge assets set aside for unsecured creditors pursuant to section 176A of the Act. The Prescribed Part applies to floating charges created on or after 15 September 2003. As HSBC's charges were created after 15 September 2003, section 176A of the Act applies to this administration.

Prescribed Part distribution

On 12 July 2019, the Joint Administrators declared a dividend to the unsecured creditors of GCL, GTL and ITS. The value of the Companies' Prescribed Part distributions after the costs of agreeing claims and distributing was £50k.

Company	Total value of prescribed part (£'000)	Costs (£'000)	Prescribed part distributed (£'000)
GCL	46	(11)	35
GES	Nil	Nil	Nil
GTL	9	(5)	5
ITS	20	(10)	10
ACL	Nil	Nil	Nil
Total	76	(26)	50

Notice of no further dividend

In accordance with Rule 14.37(2) of the Insolvency (England and Wales) Rules 2016, I give notice that we are unable to declare any further dividend to preferential or non-preferential creditors because the funds realised have already been distributed or used or allocated for paying the expenses of the administrations.

Receipts and payments account

I enclose receipts and payments accounts for the period from 8 December 2019 to 5 June 2020. The sum of £76k has been paid to unsecured creditors by virtue of the application of section 176A of the Insolvency Act 1986 (the Prescribed Part).

Investigations

During the period, there were no investigations or actions which need to be subsequently dealt with. There has been no funding provided by any third parties.

Joint administrators' remuneration

The statutory provisions relating to remuneration are set out in Part 18 of the Insolvency (England and Wales) Rules 2016. Further information is given in the Association of Business Recovery Professionals' publication 'A Creditors' Guide to Administrators' Fees' a copy of which may be accessed from the web site of the Institute of Chartered Accountants in England and Wales at <https://www.icaew.com/en/technical/insolvency/creditors-guides> or is available in hard copy upon written request to me.

In certain circumstances, creditors are entitled to request further information about our remuneration or expenses, or to apply to court if they consider the costs to be excessive (Rules 18.9 and 18.34 of the Insolvency (England and Wales) Rules 2016). Further information is provided in 'A Creditors' Guide to Administrators' Fees' referred to above.

The Joint Administrators remuneration was approved by HSBC on a time-cost basis, to be paid at the rate agreed between the Joint Administrators and HSBC.

During the period covered by this report, we have incurred time-costs of £67,617, bringing total time costs to £409,467 in respect of the Companies. Of this sum, £162,954 has been invoiced, of which £156,010 has been paid, with the remaining amount pending a VAT refund from HMRC. In order to facilitate the Joint Administrators vacating office, HMRC allow for the VAT refund to be assigned to a third party. The Joint Administrators have assigned the VAT refund to Ernst & Young LLP.

An analysis of time spent, and a comparison with the latest fee estimates is attached as Appendix 4 to this report. We have agreed with HSBC to cap our fees at £340k across the Group and therefore we do not expect that we will draw remuneration in excess of the fee estimates. Our remuneration has exceeded the fee estimates for GCL, ITS and ACL. However, we will not be drawing fees in excess of the fee estimates on the basis of the fee cap agreed with HSBC.

Joint administrators' statement of expenses incurred

During the period covered by this report, the Administrators have incurred expenses totalling £428 plus VAT. There is a breakdown of expenses incurred in the period and to date at Appendix 3 to this report.

As per remuneration, expenses are approved by HSBC and are provided to unsecured creditors in this report for information purposes only.

Pre-administration costs

As stated in our previous report, the Joint Administrators unpaid pre-appointment costs were approved by the secured creditor and have been settled in full.

The outcome of the administration

The purpose of the administration has been sufficiently achieved.

In accordance with the terms of the proposals, as there are no assets to be realised or distributions to be made, the company will move from administration to dissolution. The administration will come to an end on the date on which the notice is registered by Companies House and the company will be deemed to be dissolved three months later.

Should you have any remaining questions about the administration, please do not hesitate to contact Jack Lavery at this office.

Yours faithfully

D C Hurd
Former Joint Administrator

Notes

- 1 Statement of Insolvency Practice 9 (SIP 9) defines expenses as amounts properly payable from the insolvency estate which are not otherwise categorised as office holders' remuneration or distributions to creditors.
- 2 SIP 9 defines disbursements as a type of expense which is met by, and reimbursed to, an office holder in connection with an insolvency appointment. Disbursements fall into two categories: Category 1 and Category 2.
 - Category 1 disbursements are payments to independent third parties where there is specific expenditure directly referable to the appointment
 - Category 2 disbursements are expenses which are directly referable to the appointment but not a payment to an independent third party. They may include shared and allocated costs.
- 3 Certain expenses have either exceeded, or are expected to exceed, the original estimate dated 15 June 2018 or 19 May 2020. Reasons for these expenses exceeding the initial estimate are detailed below:

GES Realisations Limited

- Statutory costs – Increase due to charge for transfer of unclaimed dividends to the Insolvency Service.
- Insurance – Increase due to insurance relating to the Lincoln premises not included in the updated estimate.

- Bank charges – Increase due to additional bank charges on closure of the Administration.

GCL Realisations Limited

- Specific Penalty Bond – value of assets to be bonded exceeded original estimate.
- Legal costs – Increase due to increased time spent preparing necessary paperwork in relation to the sale of the business and assets of the Group.
- Bank charges – Increase due to additional bank charges on closure of the Administration.

GTL Realisations Limited

- Statutory costs – Increase due to charge for transfer of unclaimed dividends to the Insolvency Service.
- Bank charges – Increase due to additional bank charges on closure of the Administration.

ITS Realisations Limited

- Legal costs – Increase due to increased time spent preparing necessary paperwork in relation to the sale of the business and assets of the Group.

ACL Realisations Limited

- Legal costs – Increase due to increased time spent preparing necessary paperwork in relation to the sale of the business and assets of the Group.

4 Any outstanding expenses are to be written off.
