landengineeringcreditors@uk.ey.com

Dear Sirs

## **Land Engineering (Scotland) Limited (In Administration) ('the Company')**

### **Court of Session**

I write, in accordance with Rule 3.93 of the Insolvency (Scotland) (Company Voluntary Arrangements and Administration) Rules 2018, to provide creditors with a report on the progress of the Administration. This report covers the period from 30 May 2021 to 29 November 2021 and should be read in conjunction with the Joint Administrators' statement of proposals ('the proposals') dated 5 June 2017 and subsequent reports dated 13 December 2017, 19 June 2018, 9 January 2019, 25 June 2019, 8 January 2020, 8 July 2020, 5 January 2021 and 6 July 2021. Statutory information about the Company, the Administration and the office holders is given at Appendix 1.

### **Summary of progress**

#### **Overview**

As set out in detail within the proposals, a sale of part of the Company's business and assets to idverde Limited ('idv') was completed on 30 May 2017 and the Company's remaining business ceased to trade on this date.

Progress with realising the Company's assets is discussed in further detail below. We are, however, pleased to report that gross asset realisations now exceed £5m which compares favourably with the £4.22m included in the Statement of Affairs submitted by the Company's Directors.

#### **Debtors and Retentions**

As previously advised, the sale to idv did not include the book debts and retention sums owing to the Company in relation to the business transferred at the date of appointment and idv were initially appointed to act as our agents to collect these amounts on our behalf. With the assistance subsequently of our agents, G A Johnston Associates ('GAJ'), total realisations of £2.021m have been achieved to date, an increase of £8k since our last report. Whilst we continue to pursue recovery of the remaining outstanding balances of c£34k, any significant realisations are considered unlikely.

In relation to the debtors and retention balances due for the remainder of the Company's business not sold to idv, a further £4k has been collected by GAJ since our last report, resulting in total realisations to date of £618k. We expect a final retention sum of c£10k to be released shortly thereby concluding matters.

#### **Land and Buildings Transaction Tax**

Following vacation of the Company's leasehold property in Glasgow, a final LBTT return was submitted to Revenue Scotland and a refund of c£2k was received during the period.

### ***Sale of business to idv***

A final reconciliation of the costs incurred at the Fenwick property, under the licence to occupy granted to idv as part of the sale of the business, was carried out during the period and c£12k of funds were successfully recovered. In addition, idv made a payment of £5k in respect of the acquisition of certain fixtures & fittings not included in the sale.

### **Extension of Administration**

As previously advised, the Court of Session granted an extension to the Administration by 12 months to 29 May 2022. We do not anticipate that any further extensions will be required and intend to close the Administration prior to 29 May 2022.

In the unlikely event that this is not possible, we would require to make an application to Court to extend the Administration by a further 12 months. Should any creditors have an objection to such an application, they should provide details in writing of their objection to the Administrators by no later than 31 January 2022.

### **Receipts and payments account**

A summary of our receipts and payments for the period from 30 May 2021 to 29 November 2021 is attached at Appendix 2. It does not reflect estimated future realisations or costs.

### **Joint Administrators' remuneration**

The statutory provisions relating to remuneration are set out in Rules 3.95 to 3.101 of the Insolvency (Scotland) (Company Voluntary Arrangements and Administration) Rules 2018 ('the 2018 Rules').

In certain circumstances, creditors are entitled to request further information about our remuneration or outlays, or to apply to court if they consider the costs to be excessive (Rule 3.100, the 2018 Rules). Further information is given in 'A Creditors' Guide to Administrators' Fees', a copy of which may be accessed from the web site of the Institute of Chartered Accountants of Scotland at <https://www.icas.com/technical-resources/creditor-guides-to-office-holder-remuneration> or is available in hard copy upon written request to the Joint Administrators.

In accordance with the proposals deemed approved by the creditors on 16 June 2017, the Administrators' remuneration was fixed on a time-cost basis by resolutions of the secured and preferential creditors.

With asset realisations exceeding the original estimates and both the secured and preferential creditors' debts having been paid in full, the Administrators subsequently sought to have the original proposals amended to provide for the Administrators' remuneration with effect from 28 September 2019 to be fixed on a time-cost basis by the unsecured creditors (or a creditors' committee, if one was established).

The revision to our proposals was subsequently approved by the unsecured creditors by way of a decision procedure on 11 February 2020, and the Court confirmed that there was no requirement to also have the secured and preferential creditors approve the Administrators' remuneration.

During the period covered by this report, the Administrators have incurred time costs of £190,763, of which £60,127 relates to work associated with the forthcoming dividend distribution. A detailed analysis and narrative explanation of the time incurred and work completed is attached at Appendix 3 to this report together with a statement of the Administrators' policy in relation to charging time.

Together with the time incurred previously of £1,804,871 this results in total time incurred to 29 November 2021 of £1,995,634, of which £1,662,943 has been approved and drawn.

As creditors will recall, at the time of our previous progress report, the Administrators did not seek approval of the time costs of £141,927 incurred in the period to 29 May 2021 and instead proposed to revisit the overall fee position once the asset realisations were finalised and we had a clearer picture of the likely dividend available to unsecured creditors.

The asset realisation exercise is almost complete with additional floating charge asset realisations of £117,676 achieved in the 12 months to 29 November 2021. We anticipate paying an increased first and final dividend of c7p in the £ to the non-preferential creditors and finalising the Administration in the second quarter of 2022. Therefore, it is an appropriate time to seek the creditors' approval to draw final restricted fees of £91,538, by way of a decision procedure, as set out below.

#### ***Fees incurred in the 6 months to 29 May 2021***

We propose a restricted fee of 20% of the fees incurred of £141,927 (£28,385 plus VAT) with the balance of £113,542 being written off.

#### ***Fees incurred in the 6 months to 29 November 2021***

In order to protect the proposed dividend, we propose a restricted fee of 20% of the fees incurred of £190,763 (£38,153 plus VAT) with the balance of £152,610 being written off.

#### ***Estimated fees to the close of the case***

We propose a restricted fee of £25,000 plus VAT to cover all costs associated with finalising the remaining asset realisations, adjudicating on and paying a first and final dividend to unsecured creditors, settling the remaining costs of the Administration, preparing a final report to creditors, arranging for the records to be archived and concluding all remaining statutory matters.

The proposed fee restriction assumes that all matters are concluded prior to 29 May 2022 and that the Administration does not require to be extended. We would require to revisit the fees if this is not the case.

Formal notice of the decision procedure and voting form will be sent to you under separate cover.

#### **Joint Administrators' outlays**

During the period covered by this report, Category 2 expenses of £103 have been incurred. Together with the expenses incurred in the previous period to 29 May 2021 of £493, we are now seeking, by way of a decision procedure, the creditors' approval to draw Category 2 expenses totalling £596 together with estimated Category 2 expenses to the close of the Administration up to a maximum of £5,500.

The estimate of £5,500 includes, inter alia, the printing and postage costs associated with the recent circular to all known creditors inviting the submission of claims together with a further three circulars required to issue the aforementioned decision procedure documentation, set a formal date for submission of claims and declare the dividend distribution.

An analysis of both Category 1 and Category 2 expenses paid to date is attached at Appendix 4 together with a statement of the Administrators' policy in relation to charging expenses.

## **Creditors' committee**

As part of the last decision procedure issued to creditors to approve our fees and Category 2 expenses up to 29 November 2020, creditors were invited to establish a creditors' committee. No creditors expressed a willingness to do so. A further invitation to establish a creditors' committee will be included as part of the aforementioned decision procedure to be issued to creditors.

## **Distributions to creditors**

### ***Secured creditors***

As previously advised, as a result of the realisations achieved and the release of the outstanding performance bonds, Bank of Scotland plc, the Company's secured lender, was repaid in full on 27 September 2019.

### ***Preferential creditors***

A distribution of 100p in the £ was paid to the preferential creditors in June 2018 in respect of employees' salaries, holiday pay and pension contributions.

### ***Non-preferential creditors***

As previously reported, there will be sufficient funds available to enable a distribution to be made to the non-preferential unsecured creditors.

Following our recent correspondence of 30 November 2021, inviting creditors to submit claims and provide updated bank/contact details, we are pleased to advise that, based on claims received and asset realisations achieved to date, the dividend is now likely to be approximately 7p in the £ (including the Prescribed Part discussed below), compared to the estimate of 5p in the £ noted in our previous progress reports.

Further correspondence advising creditors of the final date to submit claims in order to participate in the distribution will be issued by the end of February 2022 and, following adjudication of any additional claims, a first and final dividend payment is anticipated to be made by the end of April 2022.

## **The Prescribed Part**

The Prescribed Part is a proportion of floating charge assets set aside for unsecured creditors pursuant to Section 176A of the Insolvency Act 1986. The Prescribed Part applies to floating charges created on or after 15 September 2003. The Company's floating charge was created on 24 June 2011 and accordingly the Prescribed Part will apply.

The value of the Prescribed Part is currently estimated at £359k. The cost of the Joint Administrators' fees associated with dealing with the Prescribed Part do however need to be deducted from this amount and these are included in the estimated fees to close of the case, discussed above.

As noted above, and previously advised, there will however be sufficient funds available in excess of the aforementioned sum to enable a distribution to the unsecured creditors other than by virtue of the Prescribed Part. As a result, creditors will receive one dividend payment in respect of both the Prescribed Part and the excess sums realised.

## **Administrators' Discharge from Liability**

As we anticipate being in a position to close the Administration within the next 6 months, it is now appropriate for us to seek a decision from creditors on our discharge from liability as Joint Administrators, in accordance with the provisions of paragraph 98 of Schedule B1 to the Insolvency Act 1986. The formal notice in respect of our discharge will shortly be sent to all known creditors under separate cover. Discharge will take effect only after the Administration has ended.

## **Remaining work**

We will continue to deal with the Administration in line with the stated objectives outlined in the proposals. Future tasks will include, but may not be limited to, the following:

- seeking to realise value from all remaining assets including collecting outstanding book debts and retentions;
- dealing with unsecured creditor enquiries;
- adjudicating on non-preferential claims and paying a dividend to non-preferential creditors;
- finalising the Administration including the payment of all Administration period liabilities;
- preparing and filing post appointment corporation tax and VAT returns;
- completion of statutory and reporting requirements of the Administration;
- any such actions the Joint Administrators consider, in their reasonable opinion, are necessary and/or expedient to fulfil the purpose of the Administration; and
- bringing the Administration to a conclusion.

## **Next report**

We will report to you again at the conclusion of the Administration which we currently anticipate being before 29 May 2022. In the meantime, if you have any queries regarding the content of this report, please send an email to [landengineeringcreditors@uk.ey.com](mailto:landengineeringcreditors@uk.ey.com).

Yours faithfully  
for Land Engineering (Scotland) Limited (In Administration)

F L Taylor  
Joint Administrator

## Land Engineering (Scotland) Limited (In Administration)

### Joint Administrators' time costs incurred from 30 May 2021 to 29 November 2021

#### (a) Time charging policy

The Administrators have engaged managers and other staff to work on the Administration. The work required is delegated to the most appropriate level of staff taking account of the nature of the work and the individual's experience. Additional assistance is provided by accounting and treasury executives dealing with the Company's bank accounts and statutory compliance diaries. Work carried out by all staff is subject to the overall supervision of the Administrators.

All time spent by staff working directly on case-related matters is charged to a time code established for the case. Time is recorded in units of six minutes. Each member of staff has a specific hourly rate, which is subject to change over time. The average hourly rate for each category of staff over the period is shown below, as are the current hourly rates used.

#### (b) Analysis of time costs

##### 30 May 2021 to 29 November 2021

#### Note 1

Statement of Insolvency Practice 9 (Scotland) ('SIP 9') defines expenses as a type of expense which is met by, and reimbursed to, an office holder in connection with an insolvency appointment. Expenses fall into two categories: Category 1 and Category 2.

- Category 1 expenses are payments to independent third parties where there is specific expenditure directly referable to the appointment.
- Category 2 expenses are expenses which are directly referable to the appointment but are not payments to independent third parties. They may include shared and allocated costs.

It is our policy, in accordance with SIP 9, to disclose Category 1 and Category 2 expenses but only to seek approval for Category 2 expenses before they are drawn.
