# 1. Introduction

## 1.1 Introduction

On 28 August 2018, the Royal Court of Jersey ('the Court') ordered that, pursuant to Article 155 of the Companies (Jersey) Law 1991 ('the Law'), Petrostem Group Limited ('PGL'), Petrostem International Limited ('PIL') and Petrostem Rentals Limited ('PRL') (together, 'the Companies') be placed into Just and Equitable Winding Up and that C P Dempster, S A Gardner and G D Yuill be appointed Joint Liquidators for the purposes of such winding up.

I write, in accordance with paragraph 11 of the Act of the Court under which the Joint Liquidators were appointed, to provide creditors with a report on the progress of the Liquidations. This report covers the period from 28 February 2023 to 27 August 2023 and should be read in conjunction with the Creditors' Meeting Report dated 3 October 2018 and our previous progress reports covering each six month period from 28 August 2018 to 27 February 2023.

Certain statutory information relating to the Companies and the appointment of the Joint Liquidators is provided at Appendix A.

As previously advised, due to C P Dempster's retirement from EY, K S Aspin of EY was appointed as Joint Liquidator on 9 June 2023 by the Royal Court of Jersey.

S A Gardner, K S Aspin and G D Yuill are UK licenced insolvency practitioners and, consequently, are bound by the Insolvency Code of Ethics when carrying out all professional work relating to the liquidations.

## 1.2 Creditors' Meeting and Liquidation Committee

As previously reported, a meeting of creditors was held on 4 October 2018 and no liquidation committee was elected for PGL, PIL or PRL. However, a Creditors' Steering Committee was elected in respect of the liquidations of the Companies and also of two related companies in the PPG Group.

We continue to liaise with the Creditors' Steering Committee on a regular basis, as required, in relation to the liquidations of the Companies. We expect to convene a further meeting of the Committee in late 2023.

## 2. Conduct of the liquidations since 28 February 2023

### 2.1 Purpose of the liquidation

As detailed in the Creditors' Report, the Joint Liquidators strategy in respect of the insolvency of the Petrostem Group, including PGL, PRL and PIL, is to:

- ▶ Cease to trade the business of each of the entities to which the Joint Liquidators have been appointed (subject to the point noted in our previous progress reports in relation to trade debtors);
- ▶ Collect in the trade debtor balances due to the Companies. In order to protect the collection of these trade debtor balances, the Joint Liquidators determined that it was appropriate to allow existing customers to continue to use existing equipment on hire whilst a managed handover of their rental contracts to a new supplier over an agreed period is arranged. No new rentals will, however, be commenced.
- ▶ Market for sale the individual assets, primarily the Petrostem Group's rental assets (drilling pipe).

### 2.2 Asset realisations

#### 2.2.1 Joint Liquidators' investigations (PGL and PIL only)

As detailed in our previous reports, the Joint Liquidators had secured funding from a third party ("the Third Party Funder") to enable certain transactions that took place across both the PPG Group and Petrostem Group in the period prior to our appointment to be challenged (the "potential litigation").

During the period of this report, confidential terms were agreed by which the defendants (being certain former directors of the PPG and Petrostem Groups) agreed to pay \$13,000,000 (thirteen million) in respect of the potential litigation without any admission of liability.

As at the date of this report, these funds have been received by Petrostem Group Limited to be held by it pending finalisation of the allocation of the proceeds and costs between certain companies in the PPG Group and Petrostem Group. Accordingly, details of the proceeds and costs attributable to PGL and PIL will be included in the next progress report.

#### 2.2.2 PGL

##### *Intergroup receivable balances*

##### *Pioneer Group*

Pioneer Group is due \$38.3m to PGL. During the period covered by this report, the sale of these debts, due by Pioneer Group, to an independent third party has continued to progress and the Joint Liquidators anticipate the sale completing during by the end of 2023. We will provide a further update in our next report.

##### *Innospection Group*

Innospection Group Limited is due \$2.2m to PGL. As advised in the previous progress report, administrators (from FRP Advisory) were appointed to Innospection Limited (the UK entity of the Innospection Group) in August 2022 and the administrators completed a sale of the group's business and assets in October 2022. There were insufficient funds to enable

a distribution to unsecured creditors and the administrators resigned from office on 21 August 2023.

On 15 May 2023, liquidators (from Begbies Traynor) were appointed to Innospection Group Limited. There is no prospect of a distribution from this insolvency and, accordingly, PGL will not recover any funds from Innospection Group.

### 2.2.3 PIL and PRL

There were no asset realisations in the period covered by this report. The only remaining assets to realise are intra and intergroup receivable balances due to PIL and PRL, which are summarised below:

- ▶ In respect of PIL, \$7.6m receivable from PGL; and
- ▶ In respect of PRL, \$17.0m and \$1.9m receivable from PGL and Petroleum Pipe Middle East FZE respectively.

Realisations in respect of the receivables due from PGL will depend on the outcome of its insolvency process. No realisations in respect of the balance due by Petroleum Pipe Middle East FZE are anticipated.

## 2.3 Investigations

Following settlement of the potential litigation as detailed at section 2.2.1 above, no further investigations are continuing.

### 3. Outcome for creditors

We provide below an indication of the current position with regard to creditors' claims.

#### 3.1 Secured creditors

The principal lender to the Companies is Bank of Scotland plc ('BoS'). BoS had submitted formal claims against both PGL and PIL of \$28.0m. This debt comprised amounts directly owed by the Petrostem Group to BoS and amounts due to BoS by the Petrostem Group under cross-guarantees granted in favour of BoS in relation to lending to certain companies within the PPG and Maxtube Groups.

Whilst both PGL and PIL granted in favour of BoS an English law debenture, the claims submitted by BoS do not make any reference to the securities granted by either company and BoS has confirmed that it is not making any secured claim thereunder. Accordingly, BoS's claim in the liquidations of PGL and PIL will, therefore, be an unsecured non-priority claim.

As previously reported, we have adjudicated BoS's unsecured non-priority claim at \$26.1m against each of PGL and PIL.

BoS holds no security in relation to PRL and has not submitted a claim against this company.

The Joint Liquidators anticipate BoS will be paid in full during October 2023. The Joint Liquidators are currently reviewing the funds paid to BoS by each individual entity in the Petrostem and PPG Groups to assess whether those payments are proportionate to the direct debts due by each entity to BoS and, accordingly, which (if any) individual entities have subrogated claims in respect of payments made to satisfy the debts due to BoS.

#### 3.2 Priority creditors

Neither PGL nor PRL employed any employees. Accordingly, the balance due to priority creditors for both PGL and PRL is \$Nil in respect of claims for employees' salaries and holiday pay. We are not aware of any other priority creditors under the Law.

Whilst PIL paid 35 employees, their contracts of employment were held with and VISAs were issued by various entities, including some entities out with the Petrostem Group.

Priority claims in respect of unpaid holiday pay for four employees totalling \$4k have been paid in full. The receipts and payments account for PIL at Appendix D shows a payment in respect of these claims of \$3k. The balance has been paid to an employee by their new employer in Iraq and PIL is due to reimburse that company in due course.

We are not aware of any other priority creditors under the Law.

#### 3.3 Unsecured non-priority creditors

On 9 December 2019, we wrote again to all known creditors of the Companies and advised them that any claims in the insolvency of the Companies required to be notified to the Joint Liquidators by 24 January 2020.

We have now adjudicated on all creditor claims received. We now, therefore, anticipate that the total level of unsecured non-priority creditors in PGL, PIL and PRL will be \$95.6m, \$40.2m and \$54.0m, respectively.

An interim distribution of \$800k was paid to unsecured non-priority creditors of PGL in February 2020. No distributions have been made to the unsecured non-priority creditors of PIL. An interim distribution of \$1.8m was paid to unsecured non-priority creditors of PRL in February 2020.

Following the settlement of the potential litigation as outlined in section 2.2.1, and given that BoS is expected to be paid in full, the Joint Liquidators are currently in the process of determining the outcome for unsecured non-priority creditors. There are multiple, material intercompany claims (including subrogated claims as explained above) across the Petrostem and PPG Groups. Work in this regard is ongoing and, as such, at the date of this report we are not in the position to provide an estimate of the quantum of any further distributions (if any) to unsecured non-priority creditors. We will write to all unsecured non-priority creditors with details of any further distributions in due course.

### 3.4 Creditor claims

If you have not yet submitted a formal claim in the liquidations and you wish to participate in any future distributions, please complete and return a proof of debt form along with any supporting documentation (invoices, statements, contracts, etc.) to Alastair Casey at this office or by email to [petrostemgroup@uk.ey.com](mailto:petrostemgroup@uk.ey.com). The proof of debt form can be downloaded from the following web site:

<https://www.ey.com/uk/en/services/transactions/restructuring/ey-ppg-petrostem-insolvencies>

Certain debts due from the Companies may have priority in accordance with Article 166 of the Law. If you consider that you have a claim in this category, please advise me immediately. If you hold any security for your claim or consider that you have title to any assets in either Companies' possession, please forward details to me as soon as possible.

Any sums due to either company arising after our appointment must be paid in full and without set-off against any debts incurred by the relevant company prior to our appointment.

## 4. Liquidators' receipts and payments

A summary of the Liquidators' receipts and payments for the period from 28 February 2023 to 27 August 2023 is attached at Appendix C for PGL, Appendix D for PIL, and Appendix E for PRL.

## 5. Costs of the liquidation, the Joint Liquidators' remuneration, disbursements and payments to other professionals

### 5.1 Cost of the liquidation

In accordance with Article 165 of the Law, all costs, charges and expenses properly incurred in a winding up, including the remuneration of the liquidator, are payable out of the Companies' assets in priority to all other claims.

### 5.2 Remuneration and disbursements

By order of the Act of Court, the Joint Liquidators are permitted to charge their remuneration and any reasonable costs, charges and expenses of the Liquidation in accordance with Article 165 of the Law.

The above, in accordance with Article 163 of the Law, is subject to agreement between the Joint Liquidators and the Liquidation Committee or, if there is no Liquidation Committee, between the Joint Liquidators and the creditors or, failing such an agreement, as is fixed by the Court.

As no liquidation committee was formed, the Joint Liquidators wrote to the general body of creditors on 11 October 2018 seeking approval for:

- ▶ Their remuneration to be fixed on the basis of time properly given at the hourly rates set out below;
- ▶ Approval to draw their disbursements;
- ▶ For the Joint Liquidators to draw, as an interim claim, their remuneration for the period from the date of their appointment to Friday 21 September 2018; and
- ▶ That the Joint Liquidators may draw their remuneration four weekly in arrears subject to the provision in advance of a statement of such costs.

These resolutions were passed by the general body of creditors on 26 October 2018.

### *Time costs incurred*

To 27 August 2023, the Joint Liquidators have incurred time costs of \$1,209,367, \$986,592 and \$868,267 in relation to PGL, PIL and PRL respectively. Attached at Appendices F, G and H are detailed analyses of these time costs.

The time costs incurred to 27 August 2023 in respect of PGL and PIL include time costs of \$152,010 and \$108,759 respectively which were incurred in connection with the potential litigation outlined in paragraph 2.2.1 above.

The Steering Committee has approved our fees for the periods to 27 February 2023 in the sums of \$1,041,084 in respect of PGL, \$878,474 in respect of PIL and \$843,152 in respect of PRL. Approval for the period to 27 August 2023 will be sought at the next meeting of the Steering Committee.

The time has principally been spent in relation to the following activities:

- ▶ Fulfilling the statutory obligations required of the Joint Liquidators including preparation of this and the previous progress reports, preparation of the Creditors' Meeting Report, and notifying the Joint Liquidators' appointment to all known creditors;
- ▶ Investigating the conduct of the Directors' and the circumstances leading up to our appointment as Joint Liquidators;
- ▶ Liaising with employees of the Companies, instructing payment to them of their employment costs and addressing queries received from them;
- ▶ Liaising with customers of the Companies and facilitating a handover of existing rentals to a new supplier, addressing ongoing requirements in relation to ongoing rentals and collecting amounts due to the Companies from these customers;
- ▶ Liaising with landlords of yards at which the Companies' rental assets are held and of offices occupied by the Companies;
- ▶ Closing PIL's JAFZA-registered branch and obtaining the necessary clearances from authorities;
- ▶ Marketing for sale the rental assets of the Companies, including preparing, in conjunction with our appointed agents, an appropriate sales and marketing strategy, appropriate asset lists and marketing documents, and reviewing offers received from interested parties;
- ▶ Finalising the novation of the RASGAS contract and Petrostem trade name to PQL and monitoring trading to recover the agreed profit share;
- ▶ Realising of the intragroup and intergroup debts due to the Companies by PSA, PSM, Pioneer Group and Innospection Group;
- ▶ Creditor adjudication and addressing correspondence and queries received from creditors; and
- ▶ Calculating and making interim distributions to ordinary non-priority creditors of PGL and PRL.

### *Basis of drawing fees*

In October 2021, we agreed with the Steering Committee that we would restrict the drawing of our fees as follows:

1. Statutory and reporting - we will restrict our fees in respect of statutory and reporting work to \$40,000 per annum for each of PGL, PIL and PRL from 28 August 2021 onwards.
2. Potential litigation - our fees in respect of the potential litigation (for PGL and PIL only) outlined at section 2.2.1 above will be charged based on agreed hourly rates that are 25% higher than the rates set out above. Of these fees, 60% would be drawn when incurred subject to these funds being settled by the Third Party Funder, with the balance of 40% of the fees incurred drawn from the proceeds from the potential litigation (if any).
3. All other aspects - we will restrict our fees in respect of all other aspects of our work to \$600,000 in respect of PGL, \$700,000 in respect of PIL and \$700,000 in respect of PRL unless the net realisations from their insolvency processes improves from that estimated at 28 October 2021. In that event, we will be entitled to draw 50% of the increased net realisations as further fees (subject to the Joint Liquidators' total fees being capped at the level of the time costs approved by the Steering Committee).

Fees will only be billed where funds are available to enable payment to be made.

### *Fees drawn to date*

To date, Joint Liquidators' fees of \$679,690 have been paid in respect of PGL, \$711,331 in respect of PIL and \$760,000 have been paid in respect of PRL. We detail the apportionment of the fees drawn between each of the three categories detailed on the prior page in the table below:

Category	PGL	PIL	PRL
1. Statutory and reporting	60,000	Nil	60,000
2. Potential litigation <sup>1</sup>	19,690	11,331	n.a.
3. All other aspects	600,000	700,000	700,000
Total	679,690	711,331	760,000

*1. Fees drawn in respect of the potential litigation have been drawn from a ringfenced bank account following receipt of funds from the Third Party Funder. As such, these fees do not appear in the receipts and payments account at Appendices C and D. Following settlement of the potential litigation, the Joint Liquidators are finalising the allocation of proceeds and costs between certain companies in the PPG Group and Petrostem Group. Details of the proceeds and costs (including the Joint Liquidators' fees) attributable to PGL and PIL will be included in the receipts and payments account in the next progress report.*

### *Disbursements*

Appendices F, G and H include a breakdown of the Joint Liquidators' disbursements and a statement detailing the Joint Liquidators' policy for charging disbursements.

To 27 August 2023, the Joint Liquidators have incurred Category 1 disbursements of \$4,808, \$9,547 and \$10,281 in relation to PGL, PIL and PRL respectively.

To date, \$4,761 has been paid in respect of PGL; \$9,547 has been paid in respect of PIL; and \$10,223 has been paid in respect of PRL.

### 5.3 Statement of Liquidators' charging policy for remuneration

Work carried out by all staff is subject to the overall supervision of the Joint Liquidators.

All time spent by staff working directly on case-related matters is charged to a time code established for each entity. Time is recorded in units of six minutes. Each member of staff has a specific hourly rate, which is subject to change over time. The average hourly rate for each category of staff over the period is shown at Appendices F, G and H. The current hourly rates are shown above.

### 5.4 Payments to other professionals

By order of the Act of Court the Joint Liquidators are permitted to engage other such professional advisors as the Joint Liquidators may deem appropriate or necessary and providing for their fees and expenses (whether incurred before or after the date on which the Companies were placed into liquidation in accordance with Article 155 of the Law) to be settled in accordance with Article 165 of the Law.

#### Joint Liquidators' charging policy for disbursements

Statement of Insolvency Practice No.9 defines expenses as any payments from the insolvency estate which are neither an office holder's remuneration or a distribution to a creditor or member.

Expenses are divided into those that do not need approval before they are charged to the estate (Category 1) and those that do require prior approval (Category 2):

- ▶ Category 1 expenses are payments to persons providing the service to which the expense relates who are not an associate of the office holder
- ▶ Category 2 expenses are payments to associates or which have an element of shared costs.

Expenses also include disbursements. Disbursements are payments which are first met by the office holder and then reimbursed to the office holder from the estate. Disbursements fall into either Category 1 or Category 2.

It is our policy to disclose Category 1 disbursements drawn but not to seek approval for their payment. We are prepared to provide such additional information as may reasonably be required to support the disbursements drawn. It is our policy, to seek approval for Category 2 disbursements before they are drawn.
