1. Introduction

1.1 Introduction

On 28 August 2018, the Royal Court of Jersey ('the Court') ordered that, pursuant to Article 155 of the Companies (Jersey) Law 1991 ('the Law'), Petroleum Pipe Group Limited ('PPG') and Pipeline Supplies Bahrain W.L.L. Limited ('PSB') (together, 'the Companies') be placed into Just and Equitable Winding Up and that C P Dempster, S A Gardner and G D Yuill be appointed Joint Liquidators for the purposes of such winding up.

I write, in accordance with paragraph 11 of the Act of the Court under which we were appointed Joint Liquidators, to provide creditors with a report on the progress of the Liquidations. This report covers the period from 28 February 2023 to 27 August 2023 and should be read in conjunction with the Creditors' Meeting Report dated 4 October 2018 and our previous progress reports covering each six month period from 28 August 2018 to 27 February 2023.

Certain statutory information relating to the Companies and the appointment of the Joint Liquidators is provided at Appendix A.

As previously advised, due to C P Dempster's retirement from EY, K S Aspin of EY was appointed as replacement Joint Liquidator on 9 June 2023 by the Royal Court of Jersey.

S A Gardner, K S Aspin and G D Yuill are UK licenced insolvency practitioners and, consequently, are bound by the Insolvency Code of Ethics when carrying out all professional work relating to the liquidations.

1.2 Creditors' Meeting and Liquidation Committee

As previously reported, a meeting of creditors was held on 4 October 2018 and no liquidation committee was elected for either PPG or PSB. However, a Creditors' Steering Committee was elected in respect of the liquidations of the Companies and also of three related companies in the Petrostem Group.

We continue to liaise with the Creditors' Steering Committee on a regular basis, as required, in relation to the liquidations of the Companies. We expect to convene a further meeting of the Committee in late 2023.

2. Conduct of the liquidations since 28 February 2023

2.1 Purpose of the liquidation

As detailed in the Creditors' Report, the Joint Liquidators' strategy in respect of the insolvency of the PPG Group, including PPG and PSB, is to:

- ▶ Cease to trade the business of each of the entities to which the Joint Liquidators have been appointed (with the exception of the completion of certain orders, as discussed in our previous progress reports);
- ▶ Collect in the debtor balances due to the PPG Group; and
- ▶ Market for sale their stock of production tubing and casing (and, in the case of PPC Cayman, a fellow subsidiary of the PPG Group, drilling pipe and related tools).

2.2 Asset realisations – PPG

Joint Liquidators' investigations

As detailed in our previous reports, the Joint Liquidators had secured funding from a third party ("the Third Party Funder") to enable certain transactions that took place across both the PPG Group and Petrostem Group in the period prior to our appointment to be challenged (the "potential litigation").

During the period of this report, confidential terms were agreed by which the defendants (being certain former directors of the PPG and Petrostem Groups) agreed to pay \$13,000,000 (thirteen million) in respect of the potential litigation without any admission of liability.

As at the date of this report, these funds have been received by Petrostem Group Limited to be held by it pending finalisation of the allocation of the proceeds and costs between certain companies in the PPG Group and Petrostem Group. Accordingly, details of the proceeds and costs attributable to PPG will be included in the next progress report.

Intragroup and intergroup balances

Petrostem Group

As previously reported, PPG's claim of \$42.9m against Petrostem Group Limited ("PGL") has been accepted by the Liquidators of PGL. The recovery from this balance depends on the outcome of the insolvency process in PGL. To date, an interim dividend of \$357k has been received from the liquidation of PGL. We anticipate further distributions will be made by PGL. However, the quantum of these distributions has not yet been determined - see section 3.3 below.

MRS Group

As previously reported, we had engaged in discussions with the sole shareholder of the MRS Group in relation to the recovery of the intergroup balance of \$8.4m due to PPG. Based on those discussions, and a review of the trading and balance sheet position of MRS, a material recovery from MRS is unlikely. No further action in respect of the recovery of this balance will be taken.

In September 2018, the KTT Trust (the investment vehicle which held a 50.01% shareholding in MRS Group) sold its shareholding in the holding company which owned the MRS Group ("MRS Holdco") for a consideration of \$0.1m payable in 10 equal instalments. In

December 2018, the Joint Liquidators agreed with the KTT Trust that this consideration would be paid to PPG, as PPG had provided the funds to acquire the KTT Trust's 50.01% interest in MRS Holdco.

To date, we have received \$40k in respect of the sale of the KTT Trust's investment in MRS but have yet to receive any information regarding when further sums can be expected.

Pioneer Group

As previously reported, Pioneer Group is due \$4.1m to PPG. During the period covered by this report, the sale of these debts, due by Pioneer Group, to an independent third party has continued to progress and the Joint Liquidators anticipate the sale completing during by the end of 2023. We will provide a further update in our next report.

Innospection Group

Innospection Group is due \$6.4m to PPG. As advised in the previous progress report, administrators (from FRP Advisory) were appointed to Innospection Limited (the UK entity of the Innospection Group) in August 2022 and the administrators completed a sale of the group's business and assets in October 2022. There were insufficient funds to enable a distribution to unsecured creditors and the administrators resigned from office on 21 August 2023.

On 15 May 2023, liquidators (from Begbies Traynor) were appointed to Innospection Group Limited. There is no prospect of a distribution from this insolvency and, accordingly, PPG will not recover any funds from Innospection Group.

2.3 Asset realisations – PSB

There were no asset realisations in the period covered by this report.

As detailed in our previous reports, all asset realisations in respect of PSB are complete, with the exception of further recoveries from the intragroup debtor balance due to PSB by PPG.

2.4 Asset realisations for the PPG Group

The other insolvent entities within the PPG Group (PPC UK and PPC Cayman) are not registered in Jersey and are therefore subject to insolvency proceedings in other jurisdictions. Accordingly, these entities are not within the remit of this report. Notwithstanding this, the Joint Administrators recognise the inter-linked nature of the PPG Group and therefore detailed discussion of the insolvency proceedings and potential asset realisations for these entities is provided within the separate reports to the creditors of these companies which are available from the following website:

<https://www.ey.com/uk/en/services/transactions/restructuring/ey-ppg-petrostem-insolvencies>

2.5 Investigations

Following settlement of the potential litigation as detailed at section 2.2 above, no further investigations are continuing.

3. Outcome for creditors

We provide below an indication of the current position with regard to creditors' claims.

3.1 Secured creditors

The principal lender to the Companies is Bank of Scotland plc ('BoS'). BoS had submitted a formal claim against the Companies of \$28.0m. This debt comprised amounts directly owed by the PPG Group to BoS and amounts due to BoS by the PPG Group under cross-guarantees granted in favour of BoS in relation to its lending to certain companies within the Petrostem and Maxtube Groups.

BoS holds security over the assets of PPG under the terms of a Jersey Law security interest agreement granted by PPG in its favour. This security covers all of the asset realisations in PPG. Accordingly, the net realisations from the liquidation of PPG will fall to be paid to BoS in full.

However, whilst PSB granted in favour of BoS an English law debenture, BoS has not submitted a claim to hold security over the assets of PSB. Accordingly, BoS's claim in the liquidation of PSB will, therefore, be an unsecured non-priority claim.

As previously reported, we have adjudicated BoS's secured claim in the liquidation of PPG at \$27.3m and its unsecured non-priority claim in the sum of \$26.1m in the liquidation of PSB.

The Joint Liquidators anticipate BoS will be paid in full during October 2023. The Joint Liquidators are currently reviewing the funds paid to BoS by each individual entity in the Petrostem and PPG Groups to assess whether those payments are proportionate to the direct debts due by each entity to BoS and, accordingly, which (if any) individual entities have subrogated claims in respect of payments made to satisfy the debts due to BoS.

3.2 Priority creditors

Neither PPG nor PSB employed any employees. Accordingly, the balance due to priority creditors is \$Nil in respect of claims for employees' salaries and holiday pay.

We are not aware of any other priority creditors under the Law.

3.3 Unsecured non-priority creditors

As BoS has a secured claim in the liquidation of PPG, we had previously put on hold the adjudication process in respect of the unsecured non-priority creditors in that company.

However, as previously reported, we declared a dividend in PSB of \$780k (2.6%) which was paid in February 2020. This represented the majority of the net funds available in PSB.

Following settlement of the potential litigation as set out in section 2.2, and given that BoS is now expected to be paid in full, the Joint Liquidators are currently in the process of determining the outcome for unsecured non-priority creditors. There are multiple, material intercompany claims (including subrogated claims as explained above) across the Petrostem and PPG Groups. Work in this regard is ongoing and, as such, at the date of this report we are not in the position to provide an estimate of the quantum of any further distributions (if any) to unsecured non-priority creditors. We will write to all unsecured non-priority creditors with details of any further distributions in due course.

3.4 Creditor claims

If you have not yet submitted a formal claim in the liquidations please complete and return a proof of debt form along with any supporting documentation (invoices, statements, contracts, etc.) to Alastair Casey at this office or by email to ppcgroup@uk.ey.com. The proof of debt form can be downloaded from the following web site:

<https://www.ey.com/uk/en/services/transactions/restructuring/ey-ppg-petrostem-insolvencies>

Certain debts due from the Companies may have priority in accordance with Article 166 of the Law. If you consider that you have a claim in this category, please advise me immediately. If you hold any security for your claim or consider that you have title to any assets in either Companies' possession, please forward details to me as soon as possible.

Any sums due to either company arising after our appointment must be paid in full and without set-off against any debts incurred by the relevant company prior to our appointment.

4. Liquidators' receipts and payments

A summary of the Liquidators' receipts and payments for the period from 28 February 2023 to 27 August 2023 is attached at Appendix C for PPG and Appendix D for PSB.

5. Costs of the liquidations, the Joint Liquidators' remuneration, disbursements and payments to other professionals

5.1 Cost of the liquidation

In accordance with Article 165 of the Law, all costs, charges and expenses properly incurred in a winding up, including the remuneration of the liquidator, are payable out of the Companies' assets in priority to all other claims.

5.2 Remuneration and disbursements

By order of the Act of Court, the Joint Liquidators are permitted to charge their remuneration and any reasonable costs, charges and expenses of the Liquidation in accordance with Article 165 of the Law.

The above, in accordance with Article 163 of the Law, is subject to agreement between the Joint Liquidators and the Liquidation Committee or, if there is no Liquidation Committee, between the Joint Liquidators and the creditors or, failing such an agreement, as is fixed by the Court.

As no liquidation committee was formed, the Joint Liquidators wrote to the general body of creditors on 11 October 2018 seeking approval for:

- ▶ Their remuneration to be fixed on the basis of time properly given at the hourly rates set out below;
- ▶ Approval to draw their disbursements;
- ▶ For the Joint Liquidators to draw, as an interim claim, their remuneration for the period from the date of their appointment to Friday 21 September 2018; and
- ▶ That the Joint Liquidators may draw their remuneration four weekly in arrears subject to the provision in advance of a statement of such costs.

These resolutions were passed by the general body of creditors on 26 October 2018.

Time costs incurred

To 27 August 2023, the Joint Liquidators have incurred time of \$1,131,765 and \$661,920 in relation to PPG and PSB respectively. Attached at Appendices E and F are detailed analyses of these time costs.

The time costs incurred to 27 August 2023 in respect of PPG include time costs of \$174,693 which were incurred in connection with the potential litigation outlined at paragraph 2.2 above.

The Steering Committee has approved our fees for the periods to 27 February 2023 in the sums of \$945,841 in respect of PPG and \$643,976 in respect of PSB. Approval for the period to 27 August 2023 will be sought at the next meeting of the Steering Committee.

To 27 August 2023, time has principally been spent in relation to the following activities:

- ▶ Fulfilling the statutory obligations required of the Joint Liquidators including preparation of this report, preparation of the previous progress reports, preparation of the Creditors' Meeting reports, and notifying the Joint Liquidators' appointment to all known creditors;
- ▶ Investigating the conduct of the Directors' and the circumstances leading up to our appointments as Joint Liquidators;
- ▶ Negotiating the sale of PPG's shareholding in PSG and trade names to Maxtube ME Limited;
- ▶ Undertaking all activities associated with evaluating and delivering the completion of PSB's outstanding customer orders with Tatweer;
- ▶ Realising of the intragroup and intergroup debts due to the Companies;
- ▶ Addressing correspondence and queries received from creditors; and
- ▶ Adjudicating on the claim of BoS and the unsecured non-priority claims in PSB and calculating and paying an interim dividend thereto.

Basis of drawing fees

In October 2021, we agreed with the Steering Committee that we would restrict the drawing of our fees as follows:

1. Statutory and reporting - we will restrict our fees in respect of statutory and reporting work to \$40,000 per annum for each of PPG and PSB from 28 August 2021 onwards.
2. Potential litigation - our fees in respect of the potential litigation outlined at section 2.2 above will be charged based on agreed hourly rates that are 25% higher than the rates set out on the prior page. Of these fees, 60% would be drawn when incurred subject to these funds being settled by the Third Party Funder, with the balance of 40% of the fees incurred drawn from the proceeds of the potential litigation (if any).
3. All other aspects - we will restrict our fees in respect of all other aspects of our work to \$400,000 in respect of PPG and \$525,000 in respect of PSB unless the net realisations from their insolvency processes improves from that estimated at 28 October 2021. In that event, we will be entitled to draw 50% of the increased net realisations as further fees (subject to the Joint Liquidators' total fees being capped at the level of the time costs approved by the Steering Committee).

Fees will only be billed where funds are available to enable payment to be made.

Fees drawn to date

To date, Joint Liquidators' fees of \$363,350 have been paid in respect of PPG and \$525,000 have been paid in respect of PSB. We detail the apportionment of the fees drawn between each of the three categories detailed on the prior page in the table below:

Category	PPG	PSB
1. Statutory and reporting	Nil	Nil
2. Potential litigation ¹	22,260	n.a.
3. All other aspects	341,090	525,000
Total	363,350	525,000

1. Fees drawn in respect of the potential litigation have been drawn from a ringfenced bank account following receipt of funds from the Third Party Funder. As such, these fees do not appear in the receipts and payments account at Appendix C. Following settlement of the potential litigation, the Joint Liquidators are finalising the allocation of proceeds and costs between certain companies in the PPG Group and Petrostem Group. Details of the proceeds and costs (including the Joint Liquidators' fees) attributable to PPG will be included in the receipts and payments account in the next progress report.

Disbursements

Appendices E and F include a breakdown of the Joint Liquidators' disbursements and statements detailing the Joint Liquidators' policy for charging disbursements.

To 27 August 2023, the Joint Liquidators have incurred Category 1 disbursements of \$9,600 and \$4,605 in relation to PPG and PSB respectively. To date, \$2,064 has been paid in respect of PPG and \$4,605 has been paid in respect of PSB.

5.3 Statement of Liquidators' charging policy for remuneration

The Joint Liquidators have engaged managers and other staff to work on the Liquidations. The work required is delegated to the most appropriate level of staff taking account of the nature of the work and the individual's experience. Additional assistance is provided by accounting and treasury executives dealing with the Companies' bank accounts and statutory compliance diaries. Work carried out by all staff is subject to the overall supervision of the Joint Liquidators.

All time spent by staff working directly on case-related matters is charged to a time code established for each entity. Time is recorded in units of six minutes. Each member of staff has a specific hourly rate, which is subject to change over time. The average hourly rate for each category of staff over the period is shown at Appendices E and F. The current hourly rates are shown in paragraph 5.2 above.

5.4 Payments to other professionals

By order of the Act of Court, the Joint Liquidators are permitted to engage such other professional advisors as the Joint Liquidators may deem appropriate or necessary and providing for their fees and expenses (whether incurred before or after the date on which the Companies were placed into liquidation in accordance with Article 155 of the Law) to be settled in accordance with Article 165 of the Law.

Joint Liquidators’ charging policy for disbursements

Statement of Insolvency Practice No.9 defines expenses as any payments from the insolvency estate which are neither an office holder’s remuneration or a distribution to a creditor or member.

Expenses are divided into those that do not need approval before they are charged to the estate (Category 1) and those that do require prior approval (Category 2):

- ▶ Category 1 expenses are payments to persons providing the service to which the expense relates who are not an associate of the office holder
- ▶ Category 2 expenses are payments to associates or which have an element of shared costs.

Expenses also include disbursements. Disbursements are payments which are first met by the office holder and then reimbursed to the office holder from the estate. Disbursements fall into either Category 1 or Category 2.

It is our policy to disclose Category 1 disbursements drawn but not to seek approval for their payment. We are prepared to provide such additional information as may reasonably be required to support the disbursements drawn. It is our policy, to seek approval for Category 2 disbursements before they are drawn.
