Dear Sir/Madam

**Saietta Sunderland Plant Limited (in Administration) (“the Company”)**

As you will be aware, the above-named Company entered Administration on 4 March 2024 and Lucy Winterborne and I were appointed to act as Joint Administrators.

I now enclose a copy of our statement of proposals as required by paragraph 49 of Schedule B1 to the Insolvency Act 1986.

We intend to seek the approval of the proposals by deemed consent. We will seek approval for the basis of our remuneration by a separate resolution of the creditors at a later date.

I enclose, for your attention, formal notice of deemed consent together with an invitation to form a creditors’ committee.

Should you have any further questions please contact Ayse Hassan at [SGPLCcomms@uk.ey.com](mailto:SGPLCcomms@uk.ey.com)

Yours faithfully  
For the Company

Daniel Christopher Hurd  
Joint Administrator

# 1. Introduction, background and circumstances giving rise to the appointment

## Introduction

On 4 March 2024 the Companies entered Administration and Lucy Winterborne and Daniel Christopher Hurd were appointed to act as Joint Administrators (“the Joint Administrators”). The appointment was made by the Companies’ directors under the provisions of paragraph 22(2) of Schedule B1 to the Insolvency Act 1986.

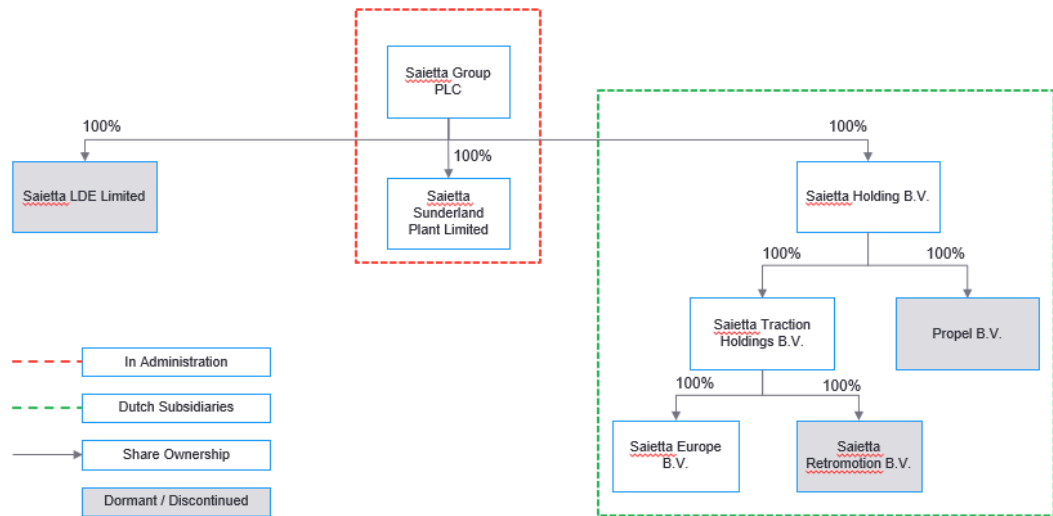

This document, including its appendices, constitutes the Joint Administrators’ statement of proposals to creditors pursuant to paragraph 49 of Schedule B1 to the Insolvency Act 1986 and Rule 3.35 of the Insolvency (England and Wales) Rules 2016. Certain statutory information relating to the Companies and the appointment of the Joint Administrators is provided at Appendix A.

## Background – Group structure

SGP was initially incorporated under the name Agility Racing Limited in 2008. In 2011, it changed its name to Agility Global Limited and in 2015, its name was changed again to Saietta Group Limited. In July 2021, SGP was listed on the AIM market.

SSP is a wholly owned subsidiary of SGP and was incorporated on 10 November 2008. It was previously called Agility Motors Limited until June 2012, then Saietta Motorcycles Limited until its name was changed to Saietta Sunderland Plant Limited in October 2022.

SGP owns six other subsidiaries, as shown in the group structure chart below (together, “the Group”).

SGP also owns 49% of the shares in a joint venture located in India called Saietta VNA Private Ltd (“SVNA”). SVNA continues to trade under its own management in India.

## Background – Trading activities

SGP’s primary activity was the research, development and design of complete powertrains for electric vehicles, which included scooters and tuk-tuks. As a result, it held the majority of the Group’s intellectual property rights. It was historically the Group’s main trading entity and consequently owned the majority of the Group’s plant and machinery, as well as prototype vehicles and work in progress relating to powertrains.

The Companies traded from three locations and SGP held the leases at each of these:

- Unit 1500A, Silverstone Park, Silverstone, Northamptonshire, NN12 8FU (“Silverstone”);
- Buildings 211, 3033, Heyford Park, Upper Heyford, Bicester, Oxfordshire, OX25 5HD (“Upper Heyford”). Building 209 was also leased and sub-let to a tenant as discussed further below; and
- Unit 9 Mercantile Road, Rainton Bridge Industrial Estate, Houghton-le-Spring Sunderland, Tyne and Wear (“Sunderland”).

Just prior to the Administration, SGP employed 54 staff who were mainly based at Silverstone (the Companies’ head office). Its finance function was based in Upper Heyford.

While SSP was originally incorporated in 2008, it had been dormant for a period and was more recently renamed and repurposed to undertake the manufacture and supply of electric motors to customers. At the date of appointment it employed 33 staff at the manufacturing facility in Sunderland.

The Dutch subsidiaries specialised in developing intellectual property and technology for marine applications and heavy transport, such as buses. Prior to the appointment of the Joint Administrators these subsidiaries had largely been wound down and were not trading.

### Background - Financial information

The Companies’ financial results are summarised as follows:

#### SGP Consolidated

Period year or period ended	Type audited /draft	Turnover £000	Gross profit £000	Gross profit %	Directors’ remuneration* £000	Net loss after tax** £000	Accumulated losses £000

### **Circumstances Giving Rise to the Appointment of the Joint Administrators**

Since SGP's initial admission to trade on AIM in July 2021, it had diversified from a largely research and development ("R&D") company focused on highly efficient electric motors, to a Group that developed full eDrive systems. During this period it established a manufacturing facility in Sunderland and also invested in the SVNA joint venture to focus on supply to the Indian market. SGP had also recently commenced production for a customer and was in the process of engineering bespoke solutions for other OEMs, with a view to securing future orders with them.

While the Group was expecting to benefit from these investments in R&D and diversification through future revenues, further funding was still required to fund losses during the period in which it scaled up and was forecast to become financially viable. On 19 October 2023, as part of its full year results and operational update to the market, SGP announced that it only had sufficient working capital funding to support operations to December 2023 and would be proactively engaging with stakeholders to explore financing opportunities, including raising equity.

EY was initially engaged by SGP on 13 November 2023 to assess the financial position and future prospects of the Companies, particularly with regard to liquidity concerns pending its proposed equity raise.

On 27 November 2023 SGP announced that it was launching an equity fundraise, which ultimately secured £6.5m, a significant proportion of which was to provide working capital and to reduce creditors arrears. This funding was expected to provide sufficient headroom for the Group to trade through to the end of March 2024 on the assumption that certain customer orders would be secured during that time. A further fund-raising exercise was expected to be launched after these new customer contracts were secured.

On 13 February 2024 SGP announced that an anticipated contract with a key customer had not been secured. In addition, the start dates for other anticipated customer contracts were materially postponed, putting further pressure on the Group's liquidity forecasts.

Management considered that there was still sufficient working capital to enable the Group to trade through to the end of March 2024 while SGP sought additional funding, however Management further considered there to be a material uncertainty around the Companies' ability to secure the additional funding required.

On 13 February 2024, largely due to the above factors, EY's scope of work was extended to explore an accelerated sales process, with the aim of securing a solvent sale of the Group's business. In parallel EY were also requested to commence a level of contingency planning to prepare for a potential insolvency in the event that the sale process was not successful.

Initially a discreet marketing process was commenced, limited to six parties, following guidance in respect of the AIM rules. However, by 22 February 2024, with no immediate proceedable

interest from the initial process, the Directors of SGP decided to open the process to the wider market and a regulatory news service announcement (“RNS”) was issued stating that the Group was undertaking a formal review of its strategic options, as without further funding the Group was at risk of becoming insolvent.

Following the RNS, EY approached more than 70 parties to gauge their interest in the opportunity to acquire the Group’s business. However, by 3 March 2024 there were still no proceedable offers.

In the meantime, EY’s contingency planning work had prepared for potential insolvency appointments over the Companies in the event that a solvent transaction for the sale of the Companies was not achieved. With creditor pressure increasing, liquidity decreasing and no proceedable solvent offers received, the Board decided that it had no option for SGP and SSP other than to seek the protection of Administration.

As a result, the Companies’ directors resolved to appoint Lucy Winterborne and Daniel Christopher Hurd as Joint Administrators of the Companies on 4 March 2024, under the provisions of paragraph 22(2) of Schedule B1 to the Insolvency Act 1986.

#### **Pre-Administration costs**

As a result of the work undertaken by EY described above, pre-Administration costs have been incurred by the Joint Administrators prior to the Companies entering Administration.

Please refer to Section 6 of these Proposals for further details.

## 2. Purpose, conduct and end of administration

### **Purpose of the administration**

The purpose of an administration is to achieve one of three objectives:

- a. To rescue the company as a going concern
- b. To achieve a better result for the company's creditors as a whole than would be likely if the company were wound up (without first being in administration)
- c. To realise property in order to make a distribution to one or more secured or preferential creditors

Insolvency legislation provides that objective (a) should be pursued unless it is not reasonably practicable to do so or if objective (b) would achieve a better result for the company's creditors as a whole. Objective (c) may only be pursued if it is not reasonably practicable to achieve either objective (a) or (b) and can be pursued without unnecessarily harming the interests of the creditors of the company as a whole.

Given the extensive marketing process undertaken prior to appointment with no viable going concern offers received, it was considered that objective (a) could not be achieved.

As a result, the Joint Administrators have pursued objective (b) in respect of SGP and SSP.

In this case, the protection of the moratorium gave the Companies protection from creditor action and provided the Joint Administrators time to realise value from the Companies' assets in order to maximise returns to creditors.

If the above ultimately proves to be unachievable, the Joint Administrators would seek to pursue objective (c), realising assets in order to make a distribution to the secured (we note there is only one fixed charge, registered by NatWest, against any outstanding balance on the Company's credit card and as at the date of Administration the credit card balance was zero) and preferential creditors.

### **Conduct of the administration**

#### **Initial steps**

Given the Companies' limited customer orders, lead times on necessary supplies and lack of funding, it would not have been possible to trade the Companies' business in Administration.

Following the Joint Administrators' appointment, the Companies ceased to trade on 4 March 2024. Unfortunately, as a result of the cessation of trading, 42 employees of SGP and 28 employees of SSP were made redundant immediately on appointment. A total of 17 employees across SGP and SSP were retained to assist the Joint Administrators with an orderly wind-down of the Companies' business, bringing the accounts up to date, and assisting with the process of realising the Companies' business and assets.

At the same time steps were taken to insure (Aon was engaged as the Joint Administrators' insurance broker), secure and safeguard the Companies' assets while the possibility of securing a potential buyer for the Companies' business and assets was explored further. In parallel, Hilco Appraisal Limited, was engaged to assist with exploring the options to sell the Companies' assets on a break-up basis, in the event a sale of the Companies' business and assets on a combined basis as a going concern was not achieved.

We set out below the key activities that have been pursued by the Joint Administrators following their appointments in more detail.

### **Sale of business and assets**

Following their appointment, the Joint Administrators pursued a sale of the Companies' business and/or assets, which involved liaising with both existing and new interested parties. Over the course of the whole sales process (both pre and post-Administration), over 200 potential interested parties were contacted about the opportunity, including parties identified by both Management and EY, as well as inbound enquiries following the announcement of the sales process and Administration. Of these parties, 71 requested non-disclosure agreements, with 24 parties signing.

Each of these 24 parties were provided with (i) an information memorandum (ii) a Process Letter, which set out the deadlines and requirements to support offers; and (iii) access to a virtual data room to enable preliminary due diligence. The initial deadline for non-binding offers was 14 March 2024. We received six non-binding offers. A deadline for best and final offers was set for 21 March 2024, on which date we received two final offers.

The Joint Administrators evaluated both offers, as well as an alternative scenario of selling the assets by auction, and then accepted the offer for the business and certain assets which represented the best outcome for creditors. On 28 March 2024 the business and certain assets of SGP (and any residual rights SSP might have in those assets) were sold to Exedy Clutch Europe Limited ("the Purchaser") for £2.46m (see schedule below).

In determining that this sale provided best value to the creditors of the Companies, the Joint Administrators considered the alternative options available. No viable solvent offers had been received and the ex-situ, break-up sale value of the Companies' plant and machinery assets was significantly lower after accounting for holding costs. In addition, a piecemeal disposal of the Companies' assets would likely have made it more challenging to realise value for the Companies' intellectual property.

Ultimately the consideration offered for the plant and machinery included in the offer for the business and assets was equivalent to the potential value of the Companies' plant and machinery assets if they were marketed for sale over a 180-day period before holding costs, with the additional benefit that a further c.£850k was offered for the intellectual property.

In addition, as a result of the sale, the remaining SGP employees transferred to the Purchaser under TUPE regulations, reducing the level of preferential and unsecured claims in the SGP Administration.

As part of the sale a licence to occupy ("LTO") was granted to the Purchaser over SGP's leasehold premises at Silverstone. Of the remaining 5 SSP employees, 3 have left the Company and 2 remain and are assisting the Joint Administrators with the orderly wind down of the business.

Please see below the allocation of the sale proceeds across the Companies' assets:

<b>SGP</b>	<b>£</b>

<b>Total</b>	<b>8</b>

Stock and certain plant and machinery located at SGP's Sunderland site was excluded from the above sale. As were debtors and other assets as detailed below.

### **Significant assets not included in the sale of business and assets**

#### **SGP**

##### **Cash at bank**

At the commencement of the Administration, there was cash at bank of £856k. This amount has been transferred into the Administration bank account as indicated in the receipts and payments accounts at Appendix C.

##### **Plant and machinery**

As noted above, there is residual plant and machinery that was not included in the sale of business. We have received offers from two parties for certain plant and machinery and expect a sale to complete imminently, which we will provide more details on in our next report. Any remaining plant and machinery is being offered at auction and this process is being managed by the Joint Administrators' chattel agents, Hilco. The auction is live at the date of this report and closes on 29 April 2024.

## **Stock**

Whilst manufacturing ceased upon Administration, certain completed orders were identified and sold for £23k on an ex-situ basis to the customer for whom the order was originally intended. The offers for the plant and machinery noted above also include consideration for stock located in Sunderland, which was not included in the sale to the Purchaser.

## **Debtors (including inter-company)**

Debtors totalled c.£1.2m at appointment, of which c.£854k relates to amounts due from SGP's joint venture SVNA, c.£120k relates to amounts due to SGP from SPPL and c.£60k relates to unpaid rent from the subtenant of unit 209 Upper Heyford. We continue to assess the collectability of these debtors and any legitimate set offs that would reduce the balances due. We will pursue outstanding debts where we believe it is commercially viable to do so.

To date c.£63k of these debts have been realised as shown in the receipts and payments account at Appendix C.

Given none of SGP's subsidiaries are currently trading and also have limited assets, it is considered unlikely that there will be any realisations from inter-company debtors. However, we are still investigating the position with the Dutch subsidiaries (see below).

## **Dutch subsidiaries**

None of the Dutch subsidiaries are currently trading and there are no retained employees. There is some intellectual property owned by one of the subsidiaries, and also stock and cash balances. However, there would be a cost associated with realising these assets, which might outweigh the benefit to creditors. We are in the process of investigating the commercial viability of realising value from these subsidiaries for the benefit of the Company's creditors.

## **Joint Venture holding**

As previously mentioned, SGP is a 49% shareholder of a joint venture located in India which continues to trade under its own management. Work is ongoing to investigate whether there could be realisable value in the shares.

## **SSP**

### **Plant and machinery**

As at 31 December 2023 SSP had plant and machinery with a net book value of c.£90k. However, due to the nature of the assets we believe the net realisable value from these assets to be minimal.

### **Cash at bank**

At the commencement of the Administration, there was cash at bank of £324k. This amount has been transferred into the Administration bank account as indicated in the receipts and payments accounts at Appendix C.

### **VAT refund**

According to the Directors' Statement of Affairs, SSP is due a refund of £118k from HMRC in relation to pre-appointment VAT.

However, HMRC may be entitled to set off this debt against any unpaid direct and indirect taxes so whilst various tax returns are being brought up to date, it is not clear at this stage how much may be realised in respect of this balance.

## **Suppliers - SGP**

The Joint Administrators have been working with various suppliers throughout the Administration process, this work includes:

### ***Third party assets***

A number of suppliers have identified and collected items of plant and equipment which were subject to rental or lease agreements. The Joint Administrators and their staff have been assisting with the collection of these assets.

### ***Leased motor vehicles***

SGP had a motor fleet of 17 vehicles with Lease Plan UK Limited ("Lease Plan"). We understand that Lease Plan have collected 6 vehicles to date. There was no equity in these vehicles.

### ***Retention of title claims***

Since the date of appointment, the Company has been notified of two potential retention of title claims. One of these claims has been concluded following the collection of the goods title was claimed over. We are currently progressing work to assess the remaining retention of title claim.

### ***IT***

Due to the nature of the Companies' business and assets (a key asset being intellectual property) the Joint Administrators have worked closely with the Companies' pre-Administration IT suppliers to ensure data, books and records were secured and persevered.

This work has included capturing data from various sources, including Microsoft platforms, servers, accounting systems and various other software used by the Companies.

## **Leasehold properties**

### ***Silverstone***

Upon the completion of the sale of business and certain assets on 28 March 2024, a LTO in respect of Silverstone was granted to the Purchaser to provide time for the business to re-establish immediately upon the sale.

### ***Upper Heyford***

The property was vacated on 15 April 2024 and the Joint Administrators have offered the landlord a surrender of the leases and we understand that the landlord will liaise with the sub-tenant in relation to its tenancy at Unit 209 Upper Heyford.

### ***Sunderland***

The Companies for the time being are occupying the property to facilitate the sale(s) of remaining plant and machinery not included with the initial sale of business to the Purchaser.

## **Joint Administrators' receipts and payments**

A summary of the Joint Administrators' receipts and payments for the period from 4 March 2024 to 25 April 2024 is attached at Appendix C.

### **Approval of the Joint Administrators' proposals**

The Joint Administrators are seeking approval of their Proposals by deemed consent. Further details of the arrangements and any steps to be taken by creditors are given in the formal notice of deemed consent delivered to creditors with these Proposals.

### **Future conduct of the Administration**

The Joint Administrators will continue to deal with the Administrations of the Companies in line with the stated objective, namely to achieve a better result for the Companies' creditors as a whole than would be likely if the Companies were wound up (without first being in Administration).

Future tasks will include, but may not be limited to, the following:

- Collecting debtor balances due to the Companies;
- Investigating and taking steps to recover any outstanding balances due from related entities where commercially viable and in the interests of the Companies creditors;
- Taking all such steps as the Joint Administrators deem appropriate to realise value from the Companies' remaining assets;
- Distributing amounts to primary preferential and secondary preferential creditors (as applicable);
- Review, adjudicate and settle Retention of Title ("RoT") claims;
- Dealing with the SGP's leasehold properties and obligations under the LTO;
- Exploring the options available to realise value from the Dutch subsidiaries, if possible.
- Dealing with unsecured creditor queries;
- Reviewing and adjudicating unsecured creditor claims (as applicable);
- Assisting redundant employees with any claims against the Redundancy Payments Office and/or the Companies (as applicable);
- Dealing with corporation tax and VAT matters, which includes filling statutory returns;
- Carrying out investigative procedures, including investigating the conduct of the Company's directors leading up to the Joint Administrators' appointment in accordance with the requirements of the CDDA;
- Ensuring all statutory reporting and compliance obligations are met;
- Finalising the Administrations including payment of all Administration liabilities;
- If the Joint Administrators deem it appropriate, to seek an extension and/or further extensions to the Administrations from the Companies' creditors and/or the Court; and
- Any other actions required to be undertaken by the Joint Administrators in order to fulfil the purpose of the Administrations.

### **The end of the Administration - SGP**

As we currently anticipate that there will be a distribution to the non-preferential creditors of SGP, it is proposed that, at the end of the Administration, SGP will move straight into Creditors Voluntary Liquidation ("CVL") upon the filing with the Registrar of Companies of a notice

pursuant to paragraph 83 of Schedule B1 to the Insolvency Act 1986. It is proposed that the liquidators will be Lucy Winterborne and Daniel Christopher Hurd of Ernst & Young LLP and that any act required or authorised under any enactment to be done by the liquidators may be done by either or both of them.

In accordance with paragraph 83(7) of Schedule B1 to the Insolvency Act 1986 and Rule 3.60(6)(b) of the Insolvency (England and Wales) Rules 2016, creditors may nominate a different person as the proposed liquidator, provided that the nomination is made after the receipt of these proposals and before the proposals are approved. It should be noted in this regard that a person must be authorised to act as an insolvency practitioner in order to be appointed as liquidator.

However, if at the end of the SGP Administration, the Company has no property which might permit a distribution to its non-preferential, unsecured creditors, the Joint Administrators will send a notice to that effect to the Registrar of Companies. On registration of the notice, the Joint Administrators' appointment in respect of SGP will come to an end. In accordance with the provisions of paragraph 84(6) of Schedule B1 to the Insolvency Act 1986, the Company will be deemed to be dissolved three months after the registration of the notice.

#### **The end of the Administration - SSP**

It is currently uncertain whether there will be sufficient funds at the end of the SSP Administration to make a distribution to its non-preferential, unsecured creditors.

If there are sufficient funds then it is proposed that, at the end of the Administration, SSP will move straight into CVL upon the filing with the Registrar of Companies of a notice pursuant to paragraph 83 of Schedule B1 to the Insolvency Act 1986. It is proposed that the liquidators will be Lucy Winterborne and Daniel Christopher Hurd of Ernst & Young LLP and that any act required or authorised under any enactment to be done by the liquidators may be done by either or both of them.

In accordance with paragraph 83(7) of Schedule B1 to the Insolvency Act 1986 and Rule 3.60(6)(b) of the Insolvency (England and Wales) Rules 2016, creditors may nominate a different person as the proposed liquidator, provided that the nomination is made after the receipt of these proposals and before the proposals are approved. It should be noted in this regard that a person must be authorised to act as an insolvency practitioner in order to be appointed as liquidator.

If there are not sufficient funds at the end of the SSP Administration to make a distribution to its non-preferential, unsecured creditors, the Joint Administrators will send a notice to that effect to the Registrar of Companies. On registration of the notice, the Joint Administrators' appointment in respect of SSP will come to an end. In accordance with the provisions of paragraph 84(6) of Schedule B1 to the Insolvency Act 1986, the Company will be deemed to be dissolved three months after the registration of the notice.

### 3. Statement of Affairs

The Directors have submitted their Statement of Affairs (“SoA”) as at 4 March 2024 for SGP and SSP. Summaries are attached at Appendix B, including a full list of creditors for both Companies.

We would comment that a number of the asset values have yet to be determined and may be lower than indicated. Similarly, a number of creditor claims have yet to be quantified and may be higher than indicated. Additionally, the values are shown before applicable costs of realisation.

We provide below an indication of the current position with regard to Companies’ creditors’ claims based on the information provided in the SoA:

#### **Secured creditors**

NatWest have a fixed charge over SGP’s deposit account to the value of any outstanding balance in respect of SGP’s corporate credit card (up to a limit of £20k). As at the date of the administration we understand that the corporate credit card balance was zero.

There are no other charges and there is no qualifying floating charge holder. Accordingly, we believe there are no secured creditor claims.

#### **Preferential creditors**

##### ***Primary preferential creditors***

Claims from employees in respect of accrued but unpaid arrears of pay up to £800, accrued but unpaid holiday pay and certain pension benefits, rank preferentially and in priority to other preferential creditors (see below). These claims are therefore referred to as ‘primary preferential creditors’.

The amount of primary preferential creditors as at the date of the appointment is estimated to be c.£49.7k in SGP and c.£15.7k SSP. This balance includes a claim from the Redundancy Payments Service (“RPS”) where redundant employees have lodged relevant claims to the RPS following the end of their employment.

Based on current estimates, we anticipate that primary preferential creditors will be paid in full in both SGP and SSP Administrations. However, we are awaiting the submission of final primary preferential claims. The Joint Administrators will provide an update on the timing of any dividends in their first six monthly progress report.

##### ***Secondary preferential creditors***

Claims from HMRC, in relation to VAT, PAYE and employees’ National Insurance Contributions rank preferentially, but secondary to the employee primary preferential creditors above. These claims are therefore referred to as ‘secondary preferential creditors’.

SGP agreed a TTP arrangement with HMRC in relation to unpaid PAYE relating to the periods ending 5 October and 5 November 2023 totalling c£356k. Payments were due to commence on 12 December 2023 and we understand that 3 payments of c£71k were paid under this arrangement in addition to an upfront payment of c£80k, therefore the balance remaining in respect of the TTP is c£63k.

Based on the TTP arrears and information contained in the Director’s Statement of Affairs for SGP and SSP, we estimate the amount of secondary preferential claims at the date of our appointment to be c.£127.7k in SGP and c.£9.9k in SSP.

Based on current estimates, we anticipate that secondary preferential creditors will receive a dividend in both SGP and SSP Administrations. The quantum and timing of any dividend payment is dependent on future asset realisations and submission of final secondary preferential claims. The Joint Administrators will provide an update in their first six monthly process report.

### **Non-preferential creditors**

Non-preferential unsecured creditors are estimated to be in the region of c.£4,748k for SGP and c.£3,206k for SSP. The final figure for total non-preferential creditor claims will not be known until all claims have been received and adjudicated and it is possible that this figure may be higher or lower than this.

The Joint Administrators continue to receive claims from non-preferential unsecured creditors.

On current estimates we anticipate that there will be sufficient funds to enable a dividend to non-preferential creditors of SGP. The quantum and timing of any dividend payment is dependent on future asset realisations.

It is currently uncertain whether there will be sufficient funds to enable a dividend to non-preferential creditors of SSP. If there were to be funds available, the Joint Administrators currently believe any dividend would be nominal.

We will provide an update on the expected non-preferential creditor position in the Joint Administrators' first six monthly progress report to creditors.

## 4. Prescribed part

The prescribed part is a proportion of floating charge assets set aside for unsecured creditors pursuant to section 176A of the Insolvency Act 1986. The prescribed part applies to floating charges created on or after 15 September 2003.

As noted above, there are no floating charges registered against either of the Companies.

Consequently, section 176A of the Insolvency Act 1986 does not apply to either Administration and there is no prescribed part to be set aside for unsecured creditors.

## 5. Administrators' remuneration and disbursements and payments to other professionals

### Remuneration

The statutory provisions relating to remuneration are set out in Chapter 4, Part 18 of the Insolvency (England and Wales) Rules 2016. Further information is given in the Association of Business Recovery Professionals' publication 'A Creditors' Guide to Administrators' Fees', a copy of which may be accessed from the web site of the Institute of Chartered Accountants in England and Wales at <https://www.icaew.com/en/technical/insolvency/creditors-guides> or is available in hard copy upon written request to the Joint Administrators.

The Joint Administrators propose that their remuneration is fixed on the basis of time properly given by them and their staff in dealing with matters arising in the Administration. In the event that a creditor's committee is not formed, the Joint Administrators will seek approval for the basis of their remuneration by a decision of the creditors. Accordingly, a fee estimate and statement of expenses will be circulated under separate correspondence in due course.

Up to the 12 April 2024, the Joint Administrators have incurred time costs of £642,484 in SGP and £70,663 in SSP in relation to time properly spent undertaking statutory duties.

### Disbursements

Disbursements are expenses met by and reimbursed to the Joint Administrators. They fall into two categories: Category 1 and Category 2. When the Administrators provide their fee estimate, this will include details of the Category 1 and 2 disbursements which are expected to be incurred.

Category 1 disbursements are payments to independent third parties where there is expenditure directly referable to the administration. Category 1 disbursements can be drawn without prior approval.

Category 2 disbursements are expenses that are directly referable to the administration but not to a payment to an independent third party. They may include an element of shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis. Category 2 disbursements require approval in the same manner as remuneration. In the event that a creditors' committee is not formed, the Joint Administrators will propose that they are permitted to charge Category 2 disbursements in accordance with the statement of expenses that will be circulated under separate correspondence to all creditors in due course.

### Payments to other professionals

The Joint Administrators have engaged the following other professionals to assist them. They were chosen on the basis of their experience in similar assignments and/or their specialist knowledge of the market.

Name of service provider	Description of services	Reasons for choosing the service provider
FF LLP ("FF")	Legal services	FF were involved with the Company prior to EY's involvement as its legal advisor and were engaged during the sale process (SPA) and therefore had prior knowledge of the legal affairs and business.
AON UK Limited ("AON")	Insurance	The Joint Administrators and EY in general have used AON on multiple previous insolvency appointments and therefore have a well-established relationship and

		<p>are aware of the quality of their work and reliability of their agents.</p> <p>Their fees are also reasonable and in line with expectations.</p>
Hilco Appraisal Limited ("Hilco")	Asset valuation	<p>Hilco had previously been involved in valuing certain of the Company's assets on a prior transaction and therefore had some prior knowledge. In addition, the Joint Administrators and EY in general have worked with Hilco on multiple previous insolvency appointments and therefore have a well-established relationship and are aware of the quality of their work and reliability of their agents.</p> <p>Their fees are also reasonable and in line with expectations.</p>
OHS Limited ("OHS")	Security	<p>The Joint Administrators have instructed OHS to secure the building and assets at the Sunderland site.</p> <p>OHS were recommended by Hilco as they have experience in this area of security and their fees are reasonable in line with expectations.</p>

## 6. Pre administration costs

The Administrators will be seeking approval for payment of unpaid pre administration costs totalling £227,953 (plus VAT). The payment of unpaid pre-administration costs as an expense of the administration is subject to approval under Rule 3.52, and not part of the Proposals subject to approval under paragraph 53. This means that they must be approved separately from the Proposals.

A breakdown of the total pre administration costs incurred and amounts paid pre administration (if any) is attached at Appendix D. Further information is provided below.

### **Joint Administrators' pre-appointment fees**

As noted in Section 1 of this report, EY was engaged by SGP, under an engagement agreement dated 13 November 2023, to undertake financial advisory and liquidity analysis. The scope was extended on 13 February 2024 to explore an accelerated sales process, with the aim of securing a solvent sale of the Group's business. In the event this was not successful a level of contingency planning was to be undertaken ahead of a potential administration appointment.

The work undertaken pre-appointment related to the following:

- ▶ Liaising with the Directors and senior management to understand the Companies' financial position, asset base and liabilities.
- ▶ Preparing an information memorandum to assist with the sale of the Companies' business and assets.
- ▶ Contacting potential parties that were identified as potentially having an interest in acquiring the Companies' business and assets. Providing non-disclosure agreements and details on the sales process to parties.
- ▶ Updating the Directors of the Companies on the sale process and expressions of interest.
- ▶ Monitoring the Companies' short term cash flow forecasts.
- ▶ Preparing a cash flow for cast and estimated outcome statements to assist with the formulation of the Administration strategy.
- ▶ Briefing the Joint Administrators' staff on the Administration strategy and day one actions.
- ▶ Preparing and reviewing documents to be issued to employees, creditors, members and directors following the appointment of the Joint Administrators.
- ▶ Reviewing and providing information for the preparation of the documents for the appointment of the Joint Administrators, including consents to act.
- ▶ Liaising with the Companies legal advisors regarding the potential appointment of Joint Administrators

Undertaking the above work enabled the post-appointment sales process to continue and preserved value in the Companies' business and assets.

The breakdown attached at Appendix D sets out:

- ▶ The fees and expenses charged by the Joint Administrator prior to appointment in relation to contingency planning.
- ▶ The fees and expenses charged by the Joint Administrators in relation to the accelerated sales process prior to appointment.

**Other pre-appointment costs incurred**

Fieldfisher provided legal advice to the Joint Administrators in connection with the insolvency appointment. This included preparing the statutory documentation to place the Companies into Administration, review and input into key communications to stakeholders, Fieldfisher's unpaid pre administration costs total £20,760 (plus VAT).

Unpaid pre-administration costs are costs which had not been paid at the date of administration are still outstanding and are subject to approval under Rule 3.52 of the Insolvency (England and Wales) Rules 2016.

Unpaid pre-administration costs are not part of the proposals subject to approval under paragraph 53 of Schedule B1 of the Insolvency Act 1986. This means that they must be approved separately from the proposals. Further information on the way in which approval will be sought for unpaid pre-administration costs is set out in section 6 of this document

NOTICE IS HEREBY GIVEN that the Joint Administrators of the above-named company are seeking approval of their proposals dated 26 April 2024 by deemed consent.

Creditors will be deemed to have consented to the approval of the proposals unless by the end of 13 May 2024 (**the decision date**) at least 10% in value of creditors who would be entitled to vote in a qualifying decision procedure have objected to approval and their objections have been made in accordance with the procedure set out below.

### **Objections**

Any creditor wishing to object to the proposed decision to approve our proposals – including any creditor who has opted out from receiving notices about the administration - must deliver to me, at the above address, a notice stating that the creditor so objects. The notice must be delivered to me at the above address not later than the end of **the decision date** together with a proof in respect of the creditor's claim which complies with the requirements of Rules 15.28 to 15.35 of the Insolvency (England and Wales) Rules 2016 failing which the objection will be disregarded.

Please note that creditors whose debts may be treated as small debts in accordance with Rule 14.31(1) of the Insolvency (England and Wales) Rules 2016 must still deliver a proof of claim if they wish to object.

It is my responsibility, as Joint Administrator convening the deemed consent procedure, to aggregate any objections to see if the threshold is met for the decision to be taken as not having been made.

If the threshold is met the deemed consent procedure will terminate without a decision being made on the proposals and if a decision is sought again on the same matter it will be sought by a decision procedure.

### **Requests for a physical meeting to be held**

Creditors who meet the thresholds in s.246ZE(7) of the Insolvency Act 1986, namely 10% in value of creditors, 10% in number of creditors or 10 creditors, may, within five business days from the date of delivery of this notice, make a request to me in writing for a physical meeting of creditors to be held to consider the approval of our proposals.

Signed

Daniel Christopher Hurd  
Joint Administrator

### **Invitation to form a creditors' committee**

Creditors are invited to decide whether a creditors' committee should be formed if sufficient creditors are willing to be members of the committee. Information on the role of committees can be found at <https://www.r3.org.uk/media/documents/publications/professional/R3-Guide-to-Creditors-Committees.pdf>

To be validly established, a committee must have at least three and not more than five members, who must have agreed to act.

Should you wish to form a committee, please follow the instructions in the nomination form attached to this notice and return the completed nomination form, with written agreements to act where appropriate, to me at the above address to arrive no later than 13 May 2024. Nominations can only be accepted if I am satisfied as to the creditor's eligibility under Rule 17.4 of the Insolvency (England and Wales) Rules 2016.

Signed

If your claim is preferential (e.g. for wages, holiday pay or certain pension arrears) or secured please give details and attach supporting documentation.

VAT bad debt relief may usually be claimed six months after the date of supply.

## Extracts from the Insolvency (England and Wales) Rules 2016:

### 15.31 Calculation of voting rights

- (1) Votes are calculated according to the amount of each creditor's claim -
  - (a) in an Administration, as at the date on which the Company entered Administration, less -
    - (i) any payments that have been made to the creditor after that date in respect of the claim, and
    - (ii) any adjustment by way of set-off which has been made in accordance with rule 14.24 or would have been made if that rule were applied on the date on which the votes are counted; ...
- (4) Where a debt is wholly secured its value for voting purposes is nil.
- (5) Where a debt is partly secured its value for voting purposes is the value of the unsecured part.
- (6) However, the value of the debt for voting purposes is its full value without deduction of the value of the security in the following cases -
  - (a) where the Administrator has made a statement under paragraph 52(1)(b) of Schedule B1 and the administrator has been requested to seek a decision under paragraph 52(2); ...
- (7) No vote may be cast in respect of a claim more than once on any resolution put to the meeting; and for this purpose (where relevant), the claim of a creditor and of any member State liquidator in relation to the same debt are a single claim.
- (8) A vote cast in a decision procedure which is not a meeting may not be changed.
- (9) Paragraph (7) does not prevent a creditor or member State liquidator from -
  - (a) voting in respect of less than the full value of an entitlement to vote; or
  - (b) casting a vote one way in respect of part of the value of an entitlement and another way in respect of some or all of the balance of that value.

### 15.32 Calculation of voting rights: special cases

- (1) In an Administration, a creditor under a hire-purchase agreement is entitled to vote in respect of the amount of the debt due and payable by the Company on the date on which the Company entered Administration.
- (2) In calculating the amount of any debt for the purpose of paragraph (1), no account is to be taken of any amount attributable to the exercise of any right under the relevant agreement so far as the right has become exercisable solely by virtue of -
  - (a) the making of an Administration application;
  - (b) a notice of intention to appoint an Administrator or any matter arising as a consequence of the notice; or
  - (c) the Company entering Administration.
