Notes									
1. Statement of Insolvency Practice 9 ("SIP 9") defines expenses as amounts properly payable from the insolvency estate which are not otherwise categorised as office holders' remuneration or distributions to creditors.									
2. SIP 9 defines disbursements as a type of expense which is met by, and reimbursed to, an office holder in connection with an insolvency appointment. Disbursements fall into two categories: Category 1 and Category 2:									
a. Category 1 disbursements are payments to independent third parties where there is specific expenditure directly referable to the appointment; and									
b. Category 2 disbursements are expenses which are directly referable to the appointment but not a payment to an independent third party. They may include shared and allocated costs.									

Exceeding estimates of remuneration and expenses

These estimates may be exceeded, in which case an explanation will be provided in the appropriate progress report. The joint administrators will only draw remuneration in excess of the estimate with the prior agreement of the approving body, in accordance with Rule 18.30 the Insolvency (England and Wales) Rules 2016.

Disbursements

Disbursements comprise of sums paid or to be paid to third parties, or payable to the Joint Administrators' firm in respect of out of pocket expenses and costs which include an element of shared or allocated costs.

Category 1 disbursements

Category 1 disbursements are defined as specific expenditure met by and reimbursed to the office holder's firm, relating to the administration of the insolvent's affairs and referable to payment to an independent third party.

Disbursement	Description of disbursement incurred
Travel costs (excluding mileage)	Those costs incurred by the Joint Administrators, and their staff in respect of their work on the administrations, to travel to various sites operated by the Companies, or third parties (excluding mileage cost).
Specific Bond	A form of insurance required by insolvency law.
Postage and printing	Those costs incurred by the Joint Administrators in printing and posting the Joint Administrators' Statement of Proposals and subsequent progress reports and other written communication to all relevant creditors and shareholders.

Category 2 disbursements

Category 2 disbursements are charges made by the office holder's firm that include elements of shared or overhead costs.

Disbursement	Description of disbursement incurred
Mileage	Those costs relating to mileage incurred by the Joint administrators and their staff in respect of their work on the administrations, whilst operating from or attending sites operated by the Companies prior to administration and third-party locations to attend meetings with key stakeholders. Current mileage rates are 45p/mile.

Pre-administration costs unpaid as at date of administration

Please see section 6 and Appendix D of the Proposals for details. The Joint Administrators will seek specific approval from creditors for the payment of these costs

Estimate of return for creditors

Secured creditor

Based on the Statement of Affairs, at the date of appointment, the Companies owed c.£19.3m to its secured creditor, LBG.

It is currently anticipated that LBG will suffer a shortfall against its debt.

Preferential creditors

Based on the Statement of Affairs of the Companies at the date of appointment, we currently estimate preferential creditors' claims to be in the region of £670,423, in respect of claims for employees' salaries, holiday pay and pension contributions. This is comprised as follows:

- ▶ National Holidays Limited - £214,383;
- ▶ Shearings Limited - £397,187; and
- ▶ Specialist Leisure Group Limited - £31,853.

Given the shortfall expected to be suffered by the secured lender and the limited floating charge realisations available in the relevant Companies, the Administrators anticipate nil distribution to preferential creditors.

Non-preferential creditors

Based on the Statement of Affairs of the Companies at the date of appointment, it is estimated that total non-preferential claims will be in the region of c.£416m, as follows:

Company	Estimated non-preferential creditors (£ 000)
Shearings Group Limited	116,866
Shearings Holidays Limited	86,491
Shearings Limited	51,321
National Holidays Tours Limited	119,686
National Holidays Limited	21,808
Wallace Arnold Travel Limited	13,265
UK Breakaways Limited	6,254
Total	415,691

However, given the shortfall expected to be suffered by the secured lender and the limited floating charge realisations which are likely to be available, it is not envisaged that there will be any funds available for distribution to the unsecured creditors of the Companies (save for the potential exception noted below).

The exception to this is National Holidays Tours Limited, where there may be some floating charge assets available under the Prescribed Part, depending upon the realisations from event tickets.
