

How can we
support you with
European Union
Grant Programs?

EY

As EY Turkey Incentive Services Team, we provide both technical and financial professional support services for your planned or existing R&D and innovation activities in line with our technical knowledge and experience, so that you can benefit from the most appropriate European Union Grant Programs and the calls opened within the scope of these programs. With our staff, expert on European Union Grants, you can benefit from the most appropriate call and support mechanism that will provide maximum benefit to your company. At the same time, we offer consultancy services in order to provide added value by highlighting the competitive and innovative aspect of your company and enable you to develop new collaborations at the international level.

EY | Building a better working world

EY exists to build a better working world, helping to create long-term value for clients, people and society and build trust in the capital markets.

Enabled by data and technology, diverse EY teams in over 150 countries provide trust through assurance and help clients grow, transform and operate.

Working across assurance, consulting, law, strategy, tax and transactions, EY teams ask better questions to find new answers for the complex issues facing our world today.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients. Information about how EY collects and uses personal data and a description of the rights individuals have under data protection legislation are available via ey.com/privacy. EY member firms do not practice law where prohibited by local laws. For more information about our organization, please visit ey.com.
